Destination Greatness: Full STEAM Ahead!

August 2017

Dear John Kerr Parents/Guardians and Students,

The 2017-2018 school year has arrived and we enter our second year of educating and caring for students at our new facility. The 2016-2017 year was one of celebration as our students and staff worked together to experience many successes. The school's *Destination Imagination Team* had a stellar first year and participated in competition at the state level. The school chorus and Orff Ensemble performed beautifully throughout the school year. After-school Adventures and Enrichment programs were well attended by our students. Academic measures also reflect much growth and high achievement as JKES reached all Virginia SOL benchmarks. Family event highlighted learning throughout the school year content and the arts were extended into the evening during two Literacy Nights, one Math Night, a Science/Art Night, and a culminating Carnivale Internationale spectacular at the end of the school year.

We are committed to providing our students with opportunities for greatness in a variety of life experiences; thus, the JKES theme, "Destination Greatness: Full STEAM Ahead!" John Kerr students will participate in specials rotations which build upon our school theme. Drama and STEAM classes have been added to the school's specials rotations so as to provide for experiential learning in the arts and STEM. During the first week of October, an Artist in Residence (Mr. Kevin Reese) experience, funded by The Handley Trust, will be provided for many of our students throughout the school day. Academics are driven by: Alignment-**Rigor-Engagement-** for each and every child!

Please explore our web page (www.jkes.wps.k12.va.us) and available opportunities to become involved with our PTO or as a classroom volunteer. Weekly food bags are distributed to many of our students and help with "stuffing the bags" is always welcome. Students enjoy having an adult to read to, and with; teachers welcome reading volunteers in lower grades, especially!

Again, we are very excited about the upcoming school year and moving "...Full STEAM Ahead!"

All the best,

Laura Evy, Principal

MISSION

Learning for All, Whatever It Takes

CREDO

We believe that to accomplish “Learning for All, Whatever It Takes,” students, parents and educators must be committed to their individual role responsibilities. Each role is unique and critical to effective teaching and learning with our public schools and is necessary to promote consistent and positive development in our students. Further, we believe that positive interactions among us all are essential and must be characterized by:

- Mutual respect and trust
- Pride in our schools and community
- Commitment to high expectations
- Acceptance of personal and public responsibility
- Commitment to quality teaching and learning both in and outside of the classroom
- Active, open and meaningful communications among all participants
- Nurturing and caring relationships for all
- Excellence in our respective roles
- Receptiveness to new ideas
- Confidence gained from the acquisition of knowledge and skills

History of John Kerr School

The school was named for the first public school benefactor in Winchester, Mr. John Kerr, a prosperous cabinetmaker, whose shop was located at the northeast corner of Boscawen and Loudoun Streets on the mall. He died on November 15, 1875. In his will, he arranged for funds to be used for the education of the children of Winchester. In 1883, City Council added \$6000 more to this total, and the John Kerr Public School building was erected. In 1972, a new John Kerr School, our current elementary school, was built. The first John Kerr building, at the corner of Cameron and Cork Streets, continues to serve hundreds of students each year as a facility for Shenandoah University fine arts and other special interest classes for learners of all ages. A school to replace the current John Kerr School opened in August, 2016 on Meadow Branch Avenue.

COLORS: Blue and Red

MASCOT: Cardinal

Cardinal Rules 2017-2018

- Respect for self, others, and property
- Responsibility for self, others, and property
- Safety for self and others

Tardy/Early Dismissal

Arriving on time is very important to the academic success of your child. Your child must be in the classroom and ready to begin by 7:50 a.m. each day. **All students who are tardy to school or who are dismissed early must be signed in or out in the office by a parent or an authorized adult.** Students will not be dismissed early unless a note has been sent. Students picked up by someone other than a parent require a written note from the parent/guardian. These are necessary procedures for the protection of students. Only the principal or designee will approve exceptions to this procedure.

After School Support

A student may be required to stay after school at the request of a staff member. Parents will be notified one day in advance. It will be the parent's responsibility to provide the necessary transportation.

CHANGE OF ADDRESS OR TELEPHONE

It is very important that we maintain up-to-date home and email addresses and telephone numbers in the school office for every student. Please notify the school **immediately** if there is a change during the school year. **When an address change is made, new proof of residency is required, such as a lease agreement or a monthly bill.**

EMERGENCIES

Emergency data for each student MUST be on file in the office; changes should be reported to the office immediately. These sheets provide a constant link between school and home in case of illness or other emergencies. Please keep them updated.

If the need arises to evacuate the building, the following procedures will be in effect:

- An announcement will be made and the building will be evacuated. Students will remain outside or be moved to a safe location indoors until it is determined that it is safe to return to the school building.
- If school must be dismissed for the day, parents/guardians may be notified through emergency numbers kept by the teachers or through Instant ALERT notification

TRANSPORTATION CHANGES

Any change in a student's regular means of transportation in the afternoon must be by **written note** from a parent or guardian. **The office will not accept student dismissal changes over the phone unless approved by the principal or designee.** A note may be faxed to the office at (540) 662-4728

or emailed to mcnamara@wps.k12.va.us and armistead@wps.k12.va.us by **1:30 p.m. Monday through Friday** if there is a last minute change. **We ask that you call the school to notify the office of your incoming fax.** Student safety is very important to us!

CAR RIDERS

Students may enter the building at 7:20 AM upon the arrival of staff safety personnel. Riders are dismissed at 2:35 p.m. Monday through Friday. Car riders will dismiss in the parking lot car loop at 2:35 p.m.

STUDENT TAGS FOR CAR RIDERS

To increase the safety of your children during the car pick-up process, we provide individual student tags. These tags, with the student's first name and last initial, are to be shown when picking up a child who is walking home or placed in the passenger's front windshield when picking up a student in a car at school dismissal. Each family will be given three student tags to distribute to those picking up your child/children. If you need more tags, please contact the office. **If a car does not have this tag displayed in the windshield, the driver will need to show a driver's license or park and come into the office to pick up the child.**

VISITOR PARKING

Visitor parking spaces are available. Cars are not to be left unattended in the drop-off zone and the fire lane is not to be used for traffic or parking of any kind unless under the direct supervision of the administration.

ARRIVAL and DISMISSAL RULES FOR THE ROAD.....VERY IMPORTANT!

To ensure the safe arrival and dismissal of our car and bus students the traffic patterns are as follows:

All car traffic is to enter the school property via Meadow Branch Avenue. Car traffic must follow traffic patterns designated by staff when "dropping off" students. Please adhere to staff requests in the parking lot.

Do not speed. For the safety of all our students, staff, and parents please allow plenty of time. **The speed limit is 10 mph.**

Stay in the proper lane. We have 2 lanes of traffic both morning and afternoon. Cars should enter following arrows, cones, and then staff directions. Please proceed to the front of the building to drop off students in the morning and to pick up students in the afternoon.

STATE LAW: Bus drivers are not allowed to deactivate traffic warning lights when loading or unloading pupils on school driveways. Cars will not be able to move while buses are obeying this law. Please be patient while we implement this state requirement.

Staff will be on duty 7:20 a.m. and 2:35 p.m. to help expedite car and bus traffic safely through the arrival and dismissal process. Additional staff members are not available during any after school programs or PTO Enrichment dismissal. Please be **EXTRA** cautious and aware of all traffic procedures.

Parents should stay in their vehicles. If there is a need to go into the building, please park in the parking lot and walk into the building.

PLEASE DO NOT CROSS IN BETWEEN CARS UNLESS AREA IS SUPERVISED BY STAFF.

ACCOMPANYING YOUR CHILD TO HIS/HER CLASSROOM

To facilitate a smooth opening of school, we request that parents/guardians not walk their child/children to the classroom on the first day. If you are concerned about your child, staff can check on your child while you wait in the cafeteria or give you a phone call later in the day.

After the first day, in general, we discourage parents/guardians from walking with their child/children to the classrooms at the beginning of the day. Teachers are busy greeting all students and students are beginning assignments as soon as they arrive. If you have a special concern, the office staff can deliver a note to the teacher. However, we welcome parents/guardians to visit at times other than the beginning of the day.

INCLEMENT WEATHER

In the event of bad weather, the superintendent will do one of the following: (1) close school; (2) delay opening; or (3) dismiss early.

School closing – On any morning when ice or snow has fallen, listen to the local radio or TV station for announcements. Information will be on School Messenger, the GoWPS! app, local radio and television stations, and the school system website. If conditions are deteriorating during the early morning, a delay may be announced first, followed by a closing of schools. If possible, the decision will be announced by **6:00 a.m.**

Delayed opening – If the superintendent feels that the road conditions may improve sufficiently during the morning, he will announce a delayed opening of either one or two hours. Dismissal will be at the regular time.

Early dismissal – If weather conditions worsen during the day, the school may dismiss early. Please make arrangements for your child in the event of early dismissals. Students who are normally car riders will be dismissed 20 minutes earlier than other students.

HEALTH AND MEDICAL REQUIREMENTS

Under the amended Code of Virginia, Section 22-220.1 no child will be admitted for the first time to any public kindergarten or elementary school unless certification of a comprehensive physical examination is furnished. A physical must have been performed no earlier than twelve (12) months prior to the date the pupil first enters a kindergarten or public school. As part of the physical, certification must also be given that the child has been successfully immunized against diphtheria, pertussis, tetanus (DPT), polio (OPV), measles, (rubeola and rubella), chicken pox (varicella), and mumps. Those families who do not have a family physician and wish to have an appointment with the Health Department Clinic should contact the school nurse.

Parents should inform the school officials of any medical or physical disability that might hinder the child's progress in school or pose a threat to the child's safety. As an added precaution, each successive year, the parent should inform the child's teacher of this condition and of any procedure that should be followed should a problem arise.

In the interest of the child and public safety, the school nurse or official will contact the parents and send a child home when illness or injury has been determined.

MEDICATIONS AND DRUGS

When possible, medication should be scheduled for out-of-school hours. We recognize that this is not always possible and will cooperate in the administration of medication. The following guidelines have been established:

Parents or guardians assume full responsibility for supplying the medication.

Parents or guardians must deliver any medication to the school with a medication request form filled out by the physician that includes:

- (1) a request form for each prescribed medication, signed by the parent or legal guardian and filed in the principal's office, and
- (2) a labeled container of medication that includes:
 - Student's full name
 - Physician's name
 - Physician's telephone number
 - Name of medication
 - Dosage, schedule and dose form
 - Date of expiration of prescription

The school nurse will assume responsibility for placing medications in a locked cabinet.

Students will be assisted with taking medications according to the physician's instructions and the procedure will be observed and recorded by a designated school staff member.

Medications that are discontinued or unused must be picked up by a parent or guardian by the end of the semester. No medications can be sent home with a student.

It is the parent's or guardian's responsibility to keep continuing prescriptions filled in a timely manner to keep from interrupting the educational process.

BREAKFAST AND LUNCH PROGRAMS

Breakfast is served beginning at 7:30 a.m. Students will go to the cafeteria, eat breakfast and go to class promptly.

Hot lunches are prepared and served in the school cafeteria. Each lunch period is approximately thirty minutes. The menu is published and sent home with students each month. Students who bring lunch from home will also eat in the cafeteria. Parents are encouraged to eat lunch with their child.

Putting money on a student's account is much easier since the cafeteria installed a computerized point of sale service program. You can send in **one lump sum of money** and **ALL** of it goes directly onto the student's account balance for **ALL** meals and any a la carte items they may want to purchase such as extra milk, ice cream, etc. If pre-paid money is **"only"** for meals and no a la carte items, indicate your wishes on the money envelope, otherwise the money will all be placed "on account" to be used for all cafeteria purchases.

Both cash and checks are accepted. Advanced payment may be turned in to the homeroom teacher in the morning and the teacher will send it to the cafeteria before meal time. Please list on the check or cash envelope the student's first and last name and the teacher.

To pay in advance by using a credit card: 1) Do this only by going on-line to the following web site and putting in the appropriate information for your child. www.myschoolbucks.com

2) Please keep in mind that there will be a service fee (approx. \$2.50 per transaction) charged to your card to cover processing fees. If you have any questions, please contact the Cafeteria Manager at 662-3945.

We strongly discourage soft drinks in school lunches for our students. We appreciate the support of our families as we work toward developing healthy students. In addition to school rules, simple lunchroom rules and expectations allow our students to enjoy their lunch with friends in a healthy environment:

- Enter the lunchroom and lunch line quietly. Get all food and supplies at this time
- Use good table manners.
- Talk softly, always.
- Eat own lunch and do not share food with others.
- Keep bottom on the seat.
- Raise hand if help is needed.
- Keep feet quietly under seat and out of the aisle.
- Leave eating space as clean as possible.

Breakfast: Student = \$1.35
Reduced = \$.30
Adult = \$1.90

Lunch: Student = \$2.70
Reduced = \$.40
Adult = \$3.60
Extra Milk = \$.45

NON-CUSTODIAL PARENT PARTICIPATION

State law provides that, unless a court order has been issued to the contrary, non-custodial parents of students enrolled in public school shall not be denied the opportunity to participate in activities, such as eating lunch with the child and parent-teacher conferences. The custodial parent is responsible for providing the court order, if one exists, to the school.

PROPER DRESS

A student's dress shall not distract others from the educational process or create a health or safety problem. Clothing must be appropriate for school activities. **For safety purposes, TENNIS SHOES are required for P.E. classes.** Students may bring tennis shoes and leave them at school. **No student will participate in P.E. classes in shoes that are considered unsafe for active play.**

REPORT CARD

The Winchester Public Schools elementary report card is linked to student's progress and mastery on the Virginia Standards of Learning. The codes used on the report card and on many of the papers your child will bring home are:

- MS** (Mastered Skills): The student's achievement matches what is expected to be mastered.
LS (Learning Skills): The child is developing mastery of the skills/content.
AC (Area of Concern): The student's current achievement demonstrates inconsistent retention and/or application of the skills/content.
NA (Not Assessed): Skills/content for this standard were not assessed for this reporting period.

PARENT/TEACHER CONFERENCES

Parent-Teacher Conferences will be scheduled in October and March. However, teachers are available throughout the year to discuss a student's progress. If you would like an additional conference, please call the office or leave a message for the teacher OR send a note to the teacher and by your child.

Please understand that teachers will not conference during the school day without prior arrangement. *Dates are to be determined.*

HOMEWORK

We believe that homework is an essential part of a student's academic growth. It is designed to provide students with an opportunity to practice the skills they have learned during the day in school. As such, homework is a time for "trial and error". We should not expect that a student will get everything correct on such assignments. Therefore, homework will be checked, but not graded. **Written homework will not be assigned on PTO nights OR any other special school event night.** ALL students are required to read every night.

Communications to Parents

- ~ Monthly newsletters
- ~ Emails
- ~ Thursday Folders to be signed and returned
- ~ John Kerr Elementary Facebook page
- ~ Use of technology to communicate will be utilized by the administration and all grade levels. A form for opting out of most paper newsletters will be placed in the student packet at the beginning of the school year. Opting out is optional; paper copies will also be available.
- ~ Phone Calls
- ~ PTO Information

VISITORS TO THE SCHOOL AND SCHOOL SECURITY

A security camera has been installed at the front entrance of our school. As an additional safety measure for our students and staff, the front doors will be locked after the tardy bell rings at 7:50 a.m. Once the tardy bell has rung, students and parents will be admitted by office personnel.

All visitors must report to the office upon entering the building during the day and after hours.

ALL VISITORS MUST PRESENT A PICTURE ID WHEN VISITING JKES FOR THE FIRST TIME IN A NEW SCHOOL YEAR

Visiting a classroom or another location in the building, or working as a volunteer, requires a sign-in at the office and a visitor's pass. This procedure will allow office personnel to assist visitors to the school and maintain a safe environment for our students.

STUDENT TELEPHONE USE

Students will be allowed to use the telephone in the the event of an emergency. Students will need to have a note from the teacher in order to use the phone in the front office.

SALE/DISTRIBUTION

School Board policy does not allow for the sale of items through the school system. Students or Parent Organizations may not distribute publications, flyers, and other items without permission from the superintendent.

MISCELLANEOUS AND ELECTRONIC ITEMS AT SCHOOL

Any toys, cards, games, and accessories that do not have an educational value or detract from class work must be left at home. School personnel will not be able to investigate the theft of such items, thus please keep items at home.

During the school day cell phones must be powered off.

Lasers and laser pens are NOT allowed in school. Personal tablets are permitted for silent reading. **Student's personal electronic items are the responsibility of the student and the school is not responsible for damages, loss, or theft.**

Playground equipment or balls of any kind may be brought to school upon special permission by the teacher or administration.

FIELD TRIPS

Students may have an opportunity to participate in school-sponsored field trips to reinforce instruction. While on a field trip, students will be under the supervision of school personnel or designees, and all school rules and regulations will apply. Parents/guardians will be advised of any field trip prior to its occurrence. Please check the **yes** blank on the Parent Permission Form for Student Involvement (received in the first week packet) if your child is allowed to participate in field trips under these conditions. **Students are expected to participate in field trips as part of their academic curriculum.**

Students who have exhibited unsafe behaviors may be kept at school as determined by the principal. A parent may be requested to escort a child in order for the student to attend the field trip, also.

All participants on field trips function under school policies and regulations.

We encourage parents to join students on most field trips. Occasionally, the staff may **not** request assistance. Siblings of students won't be transported with the school on grade level trips. **Parents must sign up at least 10 days before the trip. Space may be limited; it may not be possible for all parents who sign up to attend.** School Board policy requires background checks for participation as a volunteer field trip chaperone if children will be out of sight of school personnel.

SCHOOL COUNSELOR AND COUNSELING SERVICES

The Winchester School Board supports the provision of a comprehensive program of guidance and counseling services for all students. All services are optional and no student will be required to participate in any counseling program to which the student's parents or guardian object.

Personal/Social Counseling is counseling which assists students in developing an understanding of themselves, the rights and needs of others, how to resolve conflicts and to define individual goals reflecting their interests, abilities and aptitudes. Counseling is offered through structured individual or small group multisession counseling which focuses on the specific concerns of the participant(s).

SPECIALS

Each day, a student will have one of the following specials: Art, P.E., Library, STEAM, Drama, or Music. Specials are on three day rotations per six-week period. If a day is missed because of a holiday or a snow day, the schedule will continue with the colored day so that students will not miss a special.

As a safety requirement, tennis shoes are required for P.E. classes.

LEARNING MEDIA CENTER (LIBRARY)

Every student in our school is given the opportunity to use the library. The librarian works very closely with each teacher to provide needed services for all students. The media center houses over 10,000 books and magazines, and provides access to the Internet.

SUSTAINED SILENT READING

JKES participates in sustained silent reading. This twenty -thirty minute time is one of the most important instructional times of the school day. It is an extension of the language arts/reading block. This is the time that our students read at their independent level or interest level. While direct reading instruction is critical, so is independent reading time. Literacy improves when students realize that the school is very interested in their independent reading level and provides time for them to read. The message to the students is clear: *reading is important*. Please support this integral component of reading instruction.

OTHER JOHN KERR ACTIVITIES AND EVENTS

INTRAMURALS

Intramural sports are offered before school for students in grades K through 4. A variety of activities are offered, and students in different grades may participate on designated days. Parents must provide transportation. Sponsor: Zack Krietz

K-Kids

The purpose of the School-Community Association is to promote an attitude of being civic minded and to encourage in our students the qualities of trustworthiness, respect, responsibility, fairness, and citizenship by designing and sponsoring community service projects and projects to serve John Kerr students.

PARENT TEACHER ORGANIZATION

The John Kerr Parent-Teacher Organization takes an active role in the school community. The executive board consists of four officers, teachers, principal, committee chairs and any interested parents. PTO flyers and information are sent home in student's Thursday folders. To contact the PTO, visit the PTO webpage on the JKES website for information or email jkespto@gmail.com. Acceptable Computer System Use

Winchester Public Schools provides a variety of educational technologies including computer hardware, software, networked and internet-based resources and communication links for the use of students only as an integral part of the instructional program. Students are responsible for the appropriate use of these resources. All policies and regulations of Winchester Public Schools governing student conduct shall apply when students are using educational technology. The use of this technology for any improper or illegal activity is prohibited. The complete Acceptable Use Policy IIBEA is available for review on our website, www.wps.k12.va.us, or from the school's office.

I. Purpose - The School Board supports the use of technology for purposes of educational research, communication, and instruction, and to provide access to unique resources and opportunities for collaborative work. In furtherance of its approved curriculum, the School Board provides a Computer System, which includes the Internet, the use of which must be consistent with this Policy, the educational objectives and work climate of Winchester Public Schools ("WPS" or the "Division") and other School Board policies, regulations, and directives.

The term Computer System includes, but is not limited to, hardware, software, data, communication lines and devices, display devices, printers, CD/DVD and other media devices, flash drives, servers, mainframe and personal computers, tablets, laptops, cellular and network phones, including smart phones, the Internet and all other electronic services and internal or external networks (the Computer System"). All use of the Computer System must be for educational purposes or legitimate school business. The Computer System is not a public forum and is not intended to be a forum; its purpose is to advance the Division's communications, curriculum, and work. This Policy applies to all users of the Computer System. By using or accessing the Computer System, the user agrees to abide by this Policy.

Winchester Public Schools established and manage an instance of G Suite for Education, a set of free productivity tools for classroom collaboration provided by Google, and utilize additional services with the G Suite for Education platform as deemed appropriate and that support education purposes at Winchester Public Schools.

Use of the Computer System is a privilege, not a right, and can be withdrawn by the Division at any time, with or without prior notice. Any communication or material generated using the Computer System, including without limitation electronic mail, social media posts, instant or text messages, and other files, may be monitored, read, and/or archived by school officials without prior notice, reason, or permission, even if the communication or material was deleted from a user's account.

II. In General

A. The Computer System shall be used as follows:

1. The Computer System must be used for either an educational purpose or for legitimate school business. The term "educational purpose" includes, without limitation, use of the Computer System for class assignments; instruction, including the development and preparation of lessons and assignments; professional or career development; and otherwise in furtherance of the School Board's vision, mission, approved curriculum and other educational objectives.

2. The Computer System may not be used for commercial purposes. The term "commercial purposes" includes, without limitation, use of the Computer System for the purpose of promoting or soliciting the sale of an item or the promotion or solicitation of a service that does not have an educational purpose or is not for legitimate school business; purchasing personal, family, or household items; to obtain a monetary or personal gain; to solicit membership in or support of any non-school sponsored organization; or to raise funds for any non-school sponsored purpose, whether profit or non-profit. No staff member shall knowingly provide names, e-mail addresses, or other personal information to outside parties whose intent is to communicate with staff, students and/or their families for non-school purposes.

3. The Computer System may not be used for political lobbying or campaigning. This activity includes, without limitation, sending e-mails or making web postings or advertisements that advocate support for a particular political position or candidate; however, nothing in this Policy shall be construed to limit staff and students from using the Computer System to communicate with their elected representatives and to express their opinion on political issues for educational purposes.

B. The following definitions apply to this Policy:

1. The term "staff" or "staff member" is defined to include all School Board employees, including without limitation all administrators, counselors, teachers, coaches, employees of virtual school programs (to include but not be limited to distance learning, on line programs) and vendors providing instructional services to students, as well as all student teachers, interns and practicum students, volunteers and community members.

2. The term "immediately" is defined as reporting a situation that may constitute a violation of this Policy within twenty-four hours of the first suspicion of the violation.

III. Areas of Responsibility - Staff and students must comply with, and are responsible for monitoring, enforcing, and reporting infractions of this Policy as follows:

A. Central office managers (i.e., department supervisors and directors) and building principals and other school-based administrators shall be responsible for ensuring that this Policy is followed.

B. The Director of Technology will serve as the coordinator to oversee the Computer System and will work with other local, regional, or state organizations as necessary. All purchases of hardware, software, on-line resources, and other services must be evaluated and approved beforehand by the Director of Technology or designee.

The technology protection measure will be enforced during any and all use of the Computer System as required by law. The current technology protection measures include without limitation managed networks, firewalls, Internet filters, virus controls, and monitoring devices. Despite its best efforts, it may not be possible for the Division to restrict access to all prohibited materials. C. School Board employees who violate the provisions of this Policy, applicable state and federal law,

applicable School Board policies, regulations, and directives, and/or applicable building-level rules shall be subject to disciplinary action in accordance with the School Board personnel policies.

D. Non-employees violating this Policy shall have their access privileges immediately suspended.

VIII. Computer System Monitoring and Related Searches

A. Users have no right of privacy and should have no expectation of privacy in materials sent, received, or stored on the Computer System. The Division reserves the right to monitor and review all usage of the Computer System at any time, for any reason, with or without prior notice or permission.

B. Routine maintenance and monitoring of the Computer System may lead to the discovery that the user has or is violating this Policy or other School Board policies, regulations, and directives.

C. A search of a user's account shall be conducted if there is individual reasonable suspicion that a user has violated the law or School Board policies, regulations, or directives. The nature of the search/investigation will be reasonable and appropriate to the nature of the alleged misconduct.

In the event an account or password is known or suspected to have been lost, stolen, or disclosed, the user shall immediately report the incident to technology staff and new passwords will be created.

IX. Software and Hardware. Only school or Division licensed software approved by the Director of Technology may be installed on the Computer System. No school-licensed software may be copied for use on other school's Computer System unless this right is specifically granted in the school's license agreement. Software may only be installed by technology staff members. All licensing and registration materials shall be furnished to the building Technology Resource Teacher, who is responsible for maintaining licensing records on a building level. The Director of Technology will maintain records on Division licensed software.

Staff shall preview the materials and sites they require or recommend students to access in order to determine the

appropriateness of the material contained on or accessed through the site. Staff shall provide guidelines and lists of resources to assist students in channeling their research activities effectively and properly. XI. Acceptable and Unacceptable Use

A. Acceptable Use. Use of the Computer System shall be consistent with the educational vision and mission, approved curriculum, and work of the Division, as well as the varied instructional needs, learning styles, abilities, and developmental levels of students. 8. Staff Acceptable Use of Email and Other Electronic Communication

- a. **In General.** The Computer System provides opportunities for increased communication and collaboration for both students and staff. As students and staff are connected to the global community, their use of new tools and systems brings new responsibilities. Any electronic or online communications by staff with other staff, students and parents must be transparent, accessible to supervisors and parents, and professional in content and tone.

Electronic communications should not replace in person and telephone communication, which are better modes of communication for conveying meaning and context and should be used whenever possible. Staff using electronic and online communication shall adhere to the following guidelines:

- i. Any staff member who has a reason to suspect that inappropriate communication is occurring between a staff member and student or among staff members shall report the matter immediately to their principal.
- ii. Staff members who correspond with students or parents via email must use only the Division's email system to receive or send email. Staff correspondence with students is strictly limited to school related content.
- iii. Staff members who correspond with other staff members about school related business must use only the Division's email system to receive or send email.
- iv. Staff should not include detailed student information in any email or document attached to an email. Staff shall not use or attach a document that reveals a social security number, biometric record, or student identification number that could be used directly or indirectly to gain access to education records. When referencing students, the email shall be limited to basic factual information and exchanged only between parties who have a legitimate educational interest in the information and in the student that is the subject of the correspondence.
- v. Electronic resources must never be used to discuss contentious, sensitive, emotional or highly confidential issues. These issues should be discussed in person or by phone. Emails should be short and directional in nature and only include objective factual information. Examples of such factual information are set forth in Section 8(B) below.
- vi. Staff members are responsible for all email sent from their account, and should take care to protect access to their account by keeping their password secret and by logging off when not using their account.

Examples of this acceptable use includes providing general information about class activities such as curriculum, homework, tests, special events and school announcements; making arrangements for meeting/telephone call regarding a student issue, including a general description of the issue; and following-up on an issue that has previously been discussed. Any discussion related to other students or staff members is not appropriate.

c. Acceptable uses of staff to student email or other electronic communication. Examples of this acceptable use includes discussions specifically related to class activities, such as curriculum, homework, tests, special events, and school announcements. There should be no discussion

related to other students, discussion about the personal life of staff members or students, or sensitive information regarding the student's performance.

d. Establishment of social media accounts or accounts on educational sites for instructional purposes. Staff may establish one or more social media accounts or accounts on educational websites solely for educational purposes. Staff must notify the building principal of their intent to establish such accounts and the building principal must approve and monitor each account.

These accounts shall not be used for personal communications and are to be separate from staff members' personal social media accounts. Any such site shall have a clear statement of purpose and outcomes for the use of the account, and a code of conduct for all participants. The staff member establishing the account shall apply appropriate security and privacy settings, be responsible for the account's content, diligently monitor the account for inappropriate content, and post only information related to the account's purpose that is appropriate for viewing by students, parents and the community at large. e. Personal social media accounts. Staff members are expected to be role models. Material posted on staff members' personal websites, accounts, and social media websites must model the behavior that staff members are expected to exhibit, as a role model, both on and off campus and school related activities. Inappropriate content, including without limitation, material that compromises a staff/student professional relationship or boundaries, messages and pictures that diminish a staff member's professionalism, discredits his/her capacity to maintain the respect of students and parents, or that impairs the ability of that staff member to serve as a role model for students, is prohibited. WPS expects the following in regards to personal electronic communications, use of social media, and other online communications:

- i. WPS prohibits any students and staff members from establishing an online social media relationship through their personal social media websites. Interaction between staff and students on a social media websites must be for educational purposes only, as set forth in section XI(B)(8)(d) above.

- iii. Students appearing in individual or group photographs shall not be individually identified.
- iv. Staff shall not post comments about students.

XII. Non-Computer System Use. The School Board has no legal responsibility to regulate or review Internet messages, statements, postings, or acts either made off-campus or not made on, through, or in

connection with the Computer System. The Division reserves the right to discipline students and staff for actions taken off-campus or independently of the Computer System, which would violate this Policy or other applicable School Board policies, regulations or directives if occurring on-campus or on, through, or in connection with the Computer System, if such actions adversely affect the safety, well-being, or performance of students while in school, on school buses, at school activities or school sponsored events, or coming to and from school; if such actions threaten violence against another student or staff member; if such actions violate local, state or federal law; or if such actions disrupt the learning environment, administration, or orderly conduct of the school.

XIII. Remote Access to the Computer System. All provisions of this policy apply when accessing the Computer System remotely or on-site.

XIV. Acceptable Computer System Use Agreement. Each staff member, student and/or parent/guardian of each student shall sign the Acceptable Computer System Use Agreement before using the Computer System. The failure of any staff member or student to follow the terms of the Agreement or this Policy may result in the loss of Computer System privileges, disciplinary action, and/or appropriate legal action.

X. Review. The School Board will review and amend, if necessary, this Policy every two years.

Attendance

The importance of regular school attendance cannot be over emphasized. It is not surprising that students with good attendance achieve at much higher levels, enjoy school more and develop habits of punctuality, self-discipline, and responsibility. All of these will serve an individual well as he/she continues through school and into the world of work.

It is the primary and legal responsibility of parents to see that the children are regular and prompt in their school attendance. We request that any time your child must be absent from school, please call the school on the day of the absence and advise the school that your child will not be in attendance that day. The call should contain the date(s) of the absence and the cause. If your child is absent and you have not called the school to advise them of the absence, school officials will attempt to contact you by telephone to verify your knowledge and support of the absence. Virginia law requires that if a student has been absent five days during the school year without the knowledge and support of the parent, a conference will be scheduled with the parent, student and school principal so that the principal might explain the consequences of continued unexcused absence. A plan will be developed to improve attendance and if attendance improves, no further action will be necessary.

Should absences continue, the school system may proceed legally to cause the student to attend school regularly. Such action may include a request to the juvenile and domestic relations court for a petition for the student as a child in need of services or a warrant against the parent for violation of compulsory

attendance laws.

1. Student Attendance Policy

Student attendance is a cooperative effort and the School Board shall involve parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age shall be responsible for such child's regular and punctual attendance at school as required under provisions of the law; therefore, the parent/guardian or person having control or charge of a child (hereafter referred to as parent/guardian) shall make a reasonable attempt to contact the school on the day of absence.

A reasonable effort shall be made to contact a parent/guardian of each absent student every day, and to obtain an explanation for the student's absence. Where there is no indication that the student's parent/guardian is aware of and supports the absence, the absence shall be recorded as unexcused. The Principal or designee will determine whether an absence is excused. Unexcused absences shall be handled according to regulations issued by the Superintendent.

The superintendent's regulations will include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations will ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which he or she missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless otherwise excused. Secondary students shall be scheduled for a full school day unless they are enrolled in a cooperative work-study program. All other exceptions to a full day schedule must be approved on an individual basis by the Superintendent or designee.

2. Compulsory Attendance Procedures

A. Upon Fifth Absence Without Parental Awareness and Support

If (1) a student fails to report to school for a total of five (5) scheduled school days for the school year, and (2) there is no indication that the student's parent is aware of and supports the absence; and (3) reasonable efforts to notify the parent of the absences have failed, then the Principal or designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation by the Student Support Specialist to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his/her designee or Student Support Specialist, the pupil, and the pupil's parent(s) shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Sixth Absence Without Parental Awareness and Support

If the pupil is absent an additional day after direct contact with the pupil's parent(s) and the Student Support Specialist has received no indication that the pupil's parent(s) is aware of and

supports the pupil's absence, the Student Support Specialist shall schedule a conference within ten (10) school days, which must take place no later than the fifteenth school day after the sixth absence. At the conference, the pupil, his/her parent(s), and school personnel, shall meet to resolve issues related to the pupil's nonattendance. Other community service providers may also be included in the conference.

C. Upon Additional Absence Without Parental Awareness and Support

Upon the next absence after the conference without indication to the Student Support Specialist that the pupil's parent(s) is aware of and supports the pupil's absence, the Principal or designee shall notify the Superintendent or designee who shall enforce the compulsory attendance rules by either or both of the following:

1. Filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228; or
2. Instituting proceedings against the parent(s) pursuant to § 18.2-371 or § 22.1262.

In filing a complaint against the student, the Student Support Specialist shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parent/guardian have joint physical custody of the student and the school has notice of the custody arrangement, then both parents/guardian shall be notified at their last known addresses.

D. Parental Cooperation in Remediating Excessive Absences

It is expected that parents/guardians will cooperate with school officials to remedy the student's attendance problem. Where direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remediating the student's attendance problem, the Superintendent or designee may seek immediate compliance with the compulsory school attendance laws (§§ 22.1-254 or 22.1-258). The designee, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of § 22.1-258, the Attendance Officer shall document the school division's compliance with this Code section.

3. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

4. Attendance Reporting

Student attendance shall be monitored and reported as required by state law and regulations. At the end of each school year, each public school principal shall report to the Superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part 2 (B) above. The Superintendent shall compile this information and provide it annually to the Director of Elementary Education and the Director of Secondary Education.

5. Dismissal Precautions

Principals shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students shall be released only on request and authorization of the parent/guardian. The Superintendent shall provide procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal checkout system shall be maintained in each school.

Absences: Excused and Unexcused

1. Absences from school are recorded as either excused or unexcused. Excused absences are as follows:
 - a. Absences due to illness.
 - b. Absences approved by a physician or the school nurse.
 - c. Absences due to religious holidays.
 - d. Absences due to a death in the immediate family.
 - e. Absences (prearranged) for other reasons, which are approved in advance by the school principal or designee.
2. All other absences are considered unexcused unless there is a determination of extenuating circumstances.
3. Students in attendance on school sponsored or school related field trips or a school activity held off campus and properly approved by the school administration will be counted present.

Tardy

An elementary school student will be considered tardy in attendance if he/she is late in arriving at school at the designated time. The following procedure applies to the elementary schools:

The tardy bell rings at 7:50 a.m. If a student arrives to school late, then a parent/guardian must accompany him/her to the office to be signed in.

1 st Tardy	Free
2 nd -4 th Tardies	Warning-reminders by front office staff to attend school on time
5 th Tardy	A letter will be sent home informing the parent/guardian that the student has accumulated 5 tardies.
10 th Tardy	A meeting will be required with the Student Support Specialist and the parent/guardian to develop a plan to improve the student's tardiness to school.

Boundaries Policy - GM

MAINTAINING PROFESSIONAL STAFF/STUDENT BOUNDARIES -

Winchester Public Schools ("WPS" or the "Division") provides its students with a safe and supportive learning environment and protects its students from sexual misconduct and abuse. The responsibility to protect students from sexual misconduct and abuse is shared by the Winchester Public School Board ("School Board"), Superintendent, administrators, teachers, other School Board employees, volunteers, parents, state agencies and law enforcement.

Although the Division has dedicated, professional staff members, it is important to be certain that proper boundaries between staff members and students are maintained at all times in order to ensure respect for the ethical and legal duties in the staff/student relationship and the essential duty of a staff member to serve as a role model to the student. In doing so, staff members will demonstrate a focus on job duties, a commitment to promote educational purposes, and an unconditional dedication to professionalism in conduct and interactions with students.

For the purposes of this Policy, a "staff member" is defined to include all School Board employees, including without limitation all administrators, counselors, teachers, nurses, student support specialists, support staff, coaches, employees of virtual school programs (to include but not be limited to distance learning, on line programs) and vendors providing instructional services to students, as well as all student teachers, interns, practicum students, volunteers and community members. In addition, the term "immediately" is defined as reporting a situation that may constitute a violation of this Policy, including without limitation an appearance of impropriety, within 24 hours of

the first suspicion of the violation.

All staff members are to maintain a professional, moral, and ethical relationship in their conduct with students and shall serve as role models for students at all times, whether on or off School property, both during and outside of school hours. The Division encourages healthy relationships between students and staff members that promote student achievement and success. At the same time, clear and reasonable boundaries for interactions between students and staff members are necessary to protect students from sexual misconduct and abuse and to protect staff members from misunderstandings and false accusations.

All staff members have a responsibility to provide an atmosphere conducive to learning through consistent and fairly applied discipline and the maintenance of professional physical and emotional boundaries with students. These boundaries shall be maintained regardless of the student's age, the perceived consensual nature of the relationship or activity, the location of the activity, and whether the staff member directly supervises the student. For staff members whose children are students of WPS, this policy is not intended to violate or otherwise intrude upon the usual parent/child relationship.

Personal contact between students and staff members must always be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. A boundary invasion is an act, omission, or pattern of behavior by a staff member that does not have an educational purpose and either abuses or compromises the staff/student professional relationship or has the potential to abuse or compromise the staff/student professional relationship.

Unacceptable Conduct

Examples of boundary invasions by staff members include but are not limited to the following:

- Any type of inappropriate physical contact with a student or any other conduct that might be considered harassment under Policies GBA/JFHA Prohibition Against Harassment and Retaliation.
- Showing inappropriate images to a student, including pornography;
- Dating a student, or discussing or planning a future romantic or sexual relationship with a student;
- Making sexual advances toward a student;
- A flirtatious, romantic or sexual relationship with a student;
- Unnecessarily invading a student's personal privacy;
- Singling out a particular student or students for personal attention and friendship beyond the professional staff/student relationship;
- Socializing where students are consuming alcohol, drugs or tobacco;
- Providing or offering to provide alcohol, drugs or tobacco to students;
- For non-guidance/counseling staff, excessively encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to use their professional judgment and refer the student to appropriate guidance/counseling staff when appropriate;

- Sending students on personal errands unrelated to any educational, non-curricular or extracurricular purpose;
- Banter, allusions, jokes or innuendoes of a sexual nature with students;
- Asking a student to keep a secret;
- Disclosing inappropriate personal, sexual, family, employment concerns, or other inappropriate private matters to one or more students;
- Addressing students with personalized terms of endearment or pet names that would suggest the staff member feels love or affection for the student. As a staff member, permitting students to address you by your first name, nickname, with personalized terms of endearment, pet names, or otherwise in an overly familiar manner;
- Maintaining personal contact with a student outside of school by telephone, text message, email, Instant Messenger, Internet chat rooms, social networking websites or letters (beyond homework or other legitimate school business) without the prior express permission of the student's parent/guardian;
- Exchanging gifts cards or letters that are personal or extravagant in nature with a student (beyond customary student-teacher gifts);
- Socializing or spending time with students outside of school related or school sponsored curricular or extracurricular activities or organized community activities (including but **not limited to** activities such as going out for beverages, meals or movies, shopping, traveling and recreational activities) and/or
- Giving a student a ride alone in a vehicle in a non-emergency situation or a situation that can be avoided. If a staff member must give a student a ride, the student shall ride in the back seat of the vehicle when possible and staff member must attempt to gain prior permission from the parent for the transportation arrangement.

Appearances of Impropriety

The following activities are boundary invasions and can create an actual impropriety or the appearance of impropriety. Whenever possible, staff members should avoid these situations. If unavoidable, these activities must be pre-approved by the appropriate administrator. If not pre-approved, the staff member must immediately report the occurrence to the appropriate administrator.

- Conducting ongoing, private conversations with individual students that do not have an educational purpose, are unrelated to school activities or the well-being of the student, and that take place in locations inaccessible to others;
- Being alone with an individual student out of the view of others or in an inaccessible location, except for in the context of school counselors providing professional counseling support services, teachers working with students in an afterschool setting or during testing, or a school nurse providing medical services to a student;
- Driving students home or to other locations without the prior knowledge and express permission of the parent/guardian;
- Inviting or allowing individual students to visit the staff member's home without the prior knowledge and express permission of the parent/guardian;
- Inviting students for social contact off school grounds without the prior knowledge and express

permission of the parent/guardian;

- Visiting a student's home in the absence of the student's parent/guardian or without the prior knowledge and express permission of the parent/guardian; and/or
- Social networking with students for non-educational purposes.

Staff members are expected to be sensitive to the appearance of impropriety in their conduct with students. Staff members are encouraged to discuss issues with the appropriate administrator whenever they are unsure whether particular conduct may constitute a violation of this Policy.

Electronic Communication

Digital technology and social networking provide multiple means for staff members to communicate appropriately with students and personalize learning. Electronic and online communications between staff members and students must be transparent, contemporaneously accessible to supervisors and parents/guardians, and professional in content and tone. Such communication must be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. Staff members must restrict one-on-one electronic communications with individual students to accounts, systems, and platforms that are provided by and accessible to the Division or with the prior express permission of the principal or supervisor and the parent/guardian.

As with in-person communications, staff members shall avoid appearances of impropriety and refrain from inappropriate electronic communications with students. Factors that may be considered in determining whether an electronic communication is inappropriate include, but are not limited to:

- The subject, content, purpose, authorization, timing and frequency of the communication;
- Whether there was an attempt to conceal, shield or misportray the communication from supervisors and/or parents/guardians;
- Whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship; and
- Whether the communication contained sexual innuendo, such as for purposes of grooming the student.

Parents are encouraged to have access to their children's social networking and digital communications and to supervise their children's use of these methods of communication.

Reporting Violations

Students and their parents/guardians are strongly encouraged to notify the principal, an administrator, the lead supervisor, or division superintendent if they believe a staff member may be engaging in conduct that violates this Policy.

Staff members are required to immediately notify the principal, an administrator, the lead supervisor, or the division superintendent if they become aware of a situation that may constitute a violation of this Policy. This obligation is in addition to the statutory responsibility to report suspected abuse and neglect under Policy JHG Child Abuse Neglect and Reporting.

Anonymous complaints involving inappropriate boundary invasions by staff members with students will be investigated as if a student, parent, or staff member reported the violation.

Investigation

Investigations of allegations concerning improper staff/student relations shall follow the procedures utilized for complaints under Policies GBA/JFHA Prohibition Against Harassment and Retaliation and GBA-R1/JFHA-R1 Harassment: Complaint Procedure.

Disciplinary Action

A violation of this Policy by a staff member may result in disciplinary action up to and including dismissal. In the case of termination of employment for sexual misconduct or abuse, the Division will notify the State Superintendent of Instruction. Consistent with the Virginia Department of Education Guidelines, the Division will disclose to school divisions seeking references any formal reprimands or dismissals for violating this Policy.

Retaliation

Retaliation against students or staff members who report an improper staff/student relationship or participate in any related proceedings is prohibited. Appropriate action will be taken against students or staff members who retaliate against any student or staff member who reports alleged harassment or participates in related proceedings.

Inappropriate Behavior Initiated by a Student

In the event that a student initiates inappropriate behavior toward a staff member, the staff member must document the incident and report it to the principal, an administrator, counselor, or the lead supervisor. If appropriate, the principal, administrator, counselor, or lead supervisor will intervene and speak with the student and the student's parent/guardian about the alleged inappropriate behavior.

Training

The Division will provide its employees and volunteers with training on the prevention of sexual misconduct and abuse, including providing them with this Policy. All teachers are required to be trained during their recertification process. Contracts with virtual school programs and other vendors providing instructional services to students will include a requirement that those staff members will comply with this Policy.

Dissemination of Policy and Reporting Protocols

This Policy will be included on the Division's website and in all employee, student and volunteer handbooks.

English Learners (EL)

The Winchester Schools' English Learners (EL) program serves over 700 students in grades K-12. The program emphasizes both English language proficiency and core area academics. Students in the elementary grades receive instruction in both regular and EL classrooms. At the secondary level, both sheltered and inclusion classes are offered according to the students' level of English proficiency.

The School Board will, not later than 30 days after the beginning of the school year, inform a parent or the parents of a limited English proficient child identified for participation in, or participating in, a program for limited English proficient students of

- the reasons for the identification of their child as limited English proficient and in need of placement in a language instruction education program;
- the child's level of English proficiency, how that level was assessed, and the status of the child's academic achievement;
- the method of instruction used in the program in which their child is, or will be, participating, and the methods of instruction used in other available programs, including how such programs differ in content, instruction goals, and use of English and a native language in instruction;
- how the program in which their child is, or will be participating will meet the educational strengths and needs of the child;
- how such program will specifically help their child learn English, and meet age appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for such program, the expected rate of transition from such program into classrooms that are not tailored for limited English proficient children, and the expected rate of graduation from secondary school for such program;
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child; and
- information pertaining to parental rights that includes written guidance
 - detailing the right that parents have to have their child immediately removed from such program upon their request and the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available, and
 - assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the school division.

Graduation Requirements

Four of the diploma programs that are offered to meet the goals of the individual student are the Advanced Studies Diploma, Advanced Technical Diploma, the Standard Diploma, and the Standard Technical Diploma. The Modified Standard Diploma and the Individual Education Plan Program of Studies are for students with Individual Education Plans (IEP).

To graduate from high school all students must:

- (1) a) Schedule and pass a minimum of 22 units of credit in grades nine through twelve for a Standard Diploma. An Advanced Studies Diploma requires 24 credits. Seniors are required to schedule a MINIMUM of six (6) units of credit each year. Freshman, sophomores and juniors are required to schedule eight (8) units of credit each year. Transfer students will have their records evaluated to see whether the 24 credits and course requirements apply to them. We will follow state guidelines.
 - b) Have at least six verified credits for a STANDARD REGULAR or TECHNICAL DIPLOMA, or nine verified credits for an ADVANCED STUDIES DIPLOMA and an ADVANCED TECHNICAL DIPLOMA. VERIFIED CREDITS mean that the student passed the state required Standards of Learning (SOL) test in addition to passing the course. VERIFIED credits are earned in the following courses: English 11, US History, World History I & II, Algebra I & II, Geometry, Chemistry, Biology, and Earth Science.
- (2) Pass the required subjects for the diploma program they pursue. High school credit is given for high school subjects taken in the eighth grade (i.e. Algebra 1 or the first year of a foreign language).

Gifted Program

The Winchester Public Schools EXCEL Program (emphasizing: Excellence, Creativity, “En”dividuality, and Leadership) offers a continuum of services and options which provide appropriate learning pathways for gifted students. Learning opportunities are designed to be open-ended so that they may be tailored to the talents and interests of students.

The goal is to engage students in comprehensive study for which the rate of learning, the content, and high level processing skills are adjusted to provide a program commensurate with the needs of each intellectually gifted student. To ensure successful learning for all children, Winchester Public Schools affirm the need and the right of each child to appropriate and equitable educational experiences of consistently high quality.

Identification at all levels is based on multiple criteria which focus on a variety of information sources concerning potential candidates for services. Careful review of the many perspectives of each child ensures identification that draws from all segments of the population and provides a diverse gifted community in which interaction and exchange have heightened and enriched meaning. Referrals and screening of students for gifted services occur in September (students new to WPS) and Feb/March. Any of the following discrete sources may place students in the referral process for EXCEL services:

referral by parent, professional school staff, community member or student. The division gifted instructional specialists may be contacted for procedures and forms.

Gifted students are identified with specific aptitudes in the academic areas of mathematics and/or English, as demonstrated by advanced skills, performance and creative expression in those areas. Students identified for gifted services at the elementary level (K-4) are cluster grouped in classes with teachers who have received specialized training in gifted education. Students receive differentiated classroom instruction, acceleration and enrichment linked to the regular curriculum and additional research opportunities. In grades 3 and 4, students may apply for admission to a center-based program, A.C.E. (Accelerated Curriculum through Enrichment), which offers an integrated model of language arts, science, and math and exposure to content and concepts beyond the general education curriculum.

Middle school students (5-8) are provided sequential differentiated instruction within the regular classroom. Services may include: acceleration (content or grade level), cluster/flexible grouping, independent study, compaction, or enrichment. Course electives and pull-out seminars are designed to challenge the ability of the highly committed gifted child and are offered several times a year to all middle school EXCEL students. Gifted middle school students are also afforded an opportunity each year to apply for admission into the summer regional Blue Ridge Environmental Governor's School.

Students in grades 9-12 are provided with subject area options and advanced placement courses. Services can include any of the following: opportunities to develop higher level thinking skills, independent study, curriculum differentiation, acceleration, compacting, enrichment activities within the student's aptitude area(s), and an opportunity for admission into the regional Mountain Vista Governor's School.

Guidance and Counseling Program

The Winchester School Board supports the provision of a comprehensive program of guidance and counseling services for all students.

Parents are notified about the counseling programs which are available to students within the school division. Parents shall be advised concerning the purpose and general description of the programs, information regarding ways parents may review materials to be used in guidance and counseling programs at their child's school and information about the procedures by which parents may limit their child's participation in such programs.

In providing such services, the School Board consults and cooperates with the Virginia Employment Commission, the Department of Labor and Industry, local business, labor organizations, and career schools.

The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

- F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:
 - 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
 - 2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.
- H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

Promotion/Retention

The Winchester School Board believes in an academic program that sets “high expectations” and continuous growth for all its students. We believe that continuous academic growth and improvement are achieved through focused academic instruction. The foundation of this philosophy is based on the Instructional Goals and Objectives (IA) and Effective Schools correlate of “time.” Through focused remediation, increased length of the school day, and extended learning opportunities (e.g. summer school academy) more time for learning will be provided to meet the needs of all students as they progress toward high school graduation. Consequently there will be an increase in the number of high school graduates, number of post-secondary education graduates, and number of career certifications earned.

Teachers will confer with the parents/guardians of a child making unsatisfactory progress as soon as problems arise and will develop plans to help the child reach an acceptable level of performance. Ongoing communication should be maintained between the teacher and the parents/guardians to assure that intervention procedures are being employed to assist the child in attaining vital academic skills.

When a teacher has reason to believe that a child needs a change in his/her instructional program, the teacher will consult with the principal and additional school personnel who have worked with the child. The parents/guardians of pupils being considered will be informed of the impending program changes and/or possible retention. The final decision relative to program changes and/or possible retention is the responsibility of the building principal.

Principles

1. It is important to challenge all students to pursue a high level of performance;
2. In evaluating student achievement, each teacher shall make use of all available information, including results of teacher-made tests and other measures of skill and content mastery, writing assignments, and teacher observation of student performance;
3. For students with disabilities, attainment of the promotion benchmarks is determined after consideration of the goals, accommodations, and impact of the disability;
4. For students with a primary language other than English (ESL), attainment of the promotion benchmarks is determined after consideration of the goals and accommodations for language acquisition as defined by the ESL placement;
5. Changes in a program or possible retention of students shall be in effect only after prior notification of and explanation to the student’s parents/guardians; however, the decision shall rest with the base school principal;

6. At the time program changes and/or possible retention is considered a possibility, comments on the Report Card shall reflect the student’s academic problems. The possibility of retention or placement shall be communicated to parents/guardians via the end of quarter Report Card no later than the end of the third quarter;

7. Promotion/retention requirements will be subject to an annual review of the data to be completed by the Assistant Superintendent of Instruction with the cooperation of the school principals.

Elementary and Middle School Students (Grades K-7)

Elementary and middle school students will be promoted when, in the professional judgment of the school-based instructional personnel, competency in the appropriate grade level has been demonstrated. Promotion is the assignment to the next grade level. Students will be retained only when, in the professional judgment of the school-based instructional personnel, the student has not demonstrated appropriate grade level competencies, or the action of retention would be in the best interest of the student. Retention is the reassignment to the current grade level. In all cases of promotion or retention, the parent/guardian is to be fully involved and informed throughout the promotion/retention decision making process, but the ultimate decision will be made by the professional staff.

Eighth Grade Students (Grade 8)

1. In order to be promoted to ninth grade, students will be required to pass English, math, social studies, and science. A school-based Retention Committee will consider other promotion criteria, if a student has failed one or more of these courses, and will recommend retention or promotion with interventions.

Secondary School Students (Grades 9-12)

1. Secondary assignment of students in grades 9 through 12 earning a Standard or Advanced diploma is normally based on the following schedule of accumulated credits.

Grade 9	Met requirements for 8 th - 9 th grade promotion
Grade 10	Promoted 5 credits
Grade 11	Promoted 11 credits
Grade 12	Promoted 17 credits

2. Upon the Superintendent’s recommendation and subject to School Board approval, credit may be awarded for courses having less than one hundred forty (140) hours per course upon demonstration of mastery of the course content and objectives. Having received credit for the course, the student will be

permitted to sit for the relevant Standards of Learning assessment and, upon receiving a passing score, will earn a verified credit. (§ 8 VAC 20-131-110B).

Protection of Pupil Rights Amendment – Administration of Surveys, Questionnaires

The notice will inform the parent/legal guardian of the nature and types of questions included in the questionnaire or survey, the purposes and age-appropriateness of the questionnaire or survey, how information collected by the questionnaire or survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results will be disclosed. In any

case in which a questionnaire or survey is required by state law or is requested by a state agency, the relevant state agency shall provide the School Board with all information required to be included in the notice to parents/legal guardians. The parent/legal guardian has the right to review the questionnaire or survey in a manner mutually agreed upon by the school and the parent/legal guardian and exempt the parent's/legal guardian's child from participating in the questionnaire or survey. In addition, in the event of the administration or distribution of a survey containing one or more of the subjects listed in subsection I.B. above, the privacy of students to whom the survey is administered will be protected by setting procedural guidelines and providing adequate instruction to survey handlers relating to handling survey information in a manner to protect student privacy.

INVESTIGACIÓN SOBRE ESCUELAS EFECTIVAS

La visión de las Escuelas Públicas de Winchester de “aprendizaje para todos, cueste lo que cueste” cuenta con *investigación sobre escuelas efectivas*, un cuerpo duradero de información recogido sobre treinta décadas, como un marco para el proceso de mejoramiento escolar. En Winchester, una escuela efectiva se define como *una escuela que puede, en términos de resultados de rendimiento estudiantil, reflectante de su misión de aprendizaje para todos, demuestra una presencia de equidad en la calidad*. Una escuela efectiva tiene ciertas características comunes, o correlatos, que sirven como sistemas conectados juntos para avanzar la misión de la escuela. Estos correlatos son:

ALTAS EXPECTATIVAS PARA ÉXITO

UN FUERTE LIDERAZGO INSTRUCCIONAL

UNA MISIÓN CLARA Y ENFOCADA

UNA OPORTUNIDAD DE APRENDER Y TIEMPO PARA EL ESFUERZO

OBSERVACIÓN FRECUENTE DEL PROGRESO ESTUDIANTIL

UN AMBIENTE SEGURO Y ORDENADO

RELACIONES POSITIVAS ENTRE EL HOGAR Y LA ESCUELA

En resumen, los Correlatos de Escuelas Efectivas proporcionan al personal un método común, basado en investigación, y guiado por datos que cuenta con resultados y datos cuando identifican, categorizan y resuelven los problemas que la escuela enfrente.

Visitando Nuestras Escuelas

Animamos a los padres de familia a que visiten la escuela de su hijo/a tan frecuentemente como le sea posible. Sin embargo, en el mundo de hoy, la protección en el edificio y seguridad deben ser un componente importante para mantener seguros a nuestros niños/as en la escuela. Les pedimos a todas las visitas que entren por la entrada designada, pasen directamente a la oficina, se registren y reciban una identificación de visita. Al terminar su visita, favor de devolver la identificación en la oficina y firme la salida.

Asistencia Escolar

La importancia de la asistencia regular nunca puede ser sobre enfatizada. No es una sorpresa que los estudiantes con buena asistencia logren niveles mucho más altos, disfruten más de la escuela, y desarrollen hábitos de puntualidad, autodisciplina, y responsabilidad. Todos estos hábitos le servirán al individuo mientras el/ella pasa por la escuela y entra al mundo del trabajo.

Es la responsabilidad primaria y legal de los padres de familia asegurarse que los hijos/as asisten a la escuela regular y puntualmente. Nosotros solicitamos a los padres que cualquier momento que su hijo/a debe ausentarse de la escuela que usted llame a la escuela el día de la ausencia e informe que su hijo/a no asistirá ese día. La llamada debe contener la fecha y el motivo de la ausencia.

Si su hijo/a está ausente y usted no ha llamado a la escuela para avisar de la ausencia, los oficiales de la escuela intentarán contactarse con usted por teléfono para verificar su conocimiento y apoyo de la ausencia.

La ley de Virginia requiere que en el caso que un estudiante haya estado ausente cinco días durante el año escolar sin el conocimiento y apoyo de los padres, que una reunión sea programada con los padres, el estudiante, y el director/directora o la persona asignada de la escuela para que él/ella pueda explicarles las consecuencias de ausencias adicionales sin excusa. Se elaborará un plan para mejorar la asistencia y si es que mejora, no será necesaria ninguna otra acción a futuro.

Si las ausencias continúan, el sistema escolar puede proceder legalmente para hacer que el estudiante asista regularmente a la escuela. Tal acción puede incluir un pedido a la Corte de Relaciones Domésticas y Juveniles, dé una petición para el estudiante como un niño/a en necesidad de servicios o una orden en contra de los padres de familia por violar las leyes de educación obligatoria.

1. Políticas de Asistencia Estudiantil

La asistencia estudiantil es un esfuerzo cooperativo y la Junta Directiva Escolar involucrará a los padres y los estudiantes para que acepten la responsabilidad por la buena asistencia.

Cada padre, madre, apoderado/a o persona encargada o en control de un niño/a en la edad de asistencia obligatoria será responsable por la asistencia regular y puntual de dicho niño/a a la escuela de acuerdo a los requisitos provistos por la ley; por tanto, el padre, la madre, el apoderado/a o persona encargada o en control de un niño/a (de aquí en adelante referido como padre/apoderado) deberá

hacer un intento razonable de contactarse con la escuela el día de la ausencia.

Se hará un esfuerzo razonable de contactar al padre/apoderado de cada estudiante ausente diariamente, para obtener una explicación por la ausencia del estudiante. En caso que no haya indicación que el padre/apoderado del estudiante está enterado y apoya la ausencia, esta será registrada como una ausencia sin excusa.

El director o directora o su designado/a determinará si una ausencia tiene excusa o no. Las ausencias sin excusa se tratarán de acuerdo a los reglamentos dados por el Superintendente.

Las regulaciones del superintendente incluirán procedimientos para excusar a los estudiantes que estén ausentes por causa de la observación de alguna fiesta religiosa. Tales regulaciones aseguran que un estudiante no será privado de algún premio o, elegibilidad u oportunidad para competir por algún premio, o el derecho de tomar un examen alternativo que ha perdido por causa de tal ausencia, si la ausencia es verificada de una forma aceptable.

Los estudiantes deben asistir a la escuela el día entero de clases a menos que tengan una excusa. Los estudiantes de la escuela secundaria deben tener un programa de estudios de un día entero a menos que estén matriculados en un programa cooperativo de trabajo y estudio. Cualquier otra excepción debe estar aprobada individualmente por el Superintendente o su designado/a.

2. Procedimientos Obligatorios de Asistencia

A. Sobre la Quinta ausencia sin el conocimiento ni el apoyo por parte de los padres

Si (1) un estudiante falta a la escuela por un total de cinco (5) días de clases planificadas durante el año escolar, y (2) no hay indicios de que los padres del estudiante conocen y apoyan estas ausencias; y (3) han fallado los esfuerzos razonables de notificar a los padres de estas ausencias, entonces el Director o persona designada hará un esfuerzo razonable para asegurar que se haga un contacto directo con los padres, ya sea en persona o a través de una conversación telefónica con el Especialista de Apoyo al Estudiante para obtener una explicación sobre la ausencia del estudiante y para explicarle a los padres las consecuencias de las continuas ausencias. El director de la escuela, su designado/a o el Especialista de Apoyo al Estudiante, el estudiante y los padres del estudiante desarrollarán conjuntamente un plan para resolver la ausencia del estudiante. Este plan incluirá documentación con los motivos de la ausencia del estudiante.

B. Sobre la sexta ausencia sin el conocimiento ni el apoyo por parte de los padres

Si el estudiante está ausente un día adicional luego del contacto directo con los padres del estudiante y, el Especialista de Apoyo al Estudiante no ha recibido ninguna indicación de que los padres del estudiante tienen conocimiento de la ausencia del estudiante, el Especialista de Apoyo al Estudiante convocará una conferencia dentro de los siguientes diez (10) días que se llevará a cabo no más tarde que el quinceavo día de clases después de la sexta ausencia. En esta conferencia, el estudiante, sus padres y el personal escolar se reunirán para resolver los asuntos relacionados con la ausencia del estudiante. También se podrían incluir en esta conferencia a otros proveedores de servicios comunitarios.

C. Sobre ausencias adicionales sin el conocimiento ni el apoyo de los padres

Luego de una ausencia después de la conferencia sin ninguna indicación al Especialista de Apoyo al Estudiante de que los padres del estudiante tienen conocimiento y apoyan la ausencia del estudiante, el Director o persona designada deberá notificar al Superintendente o persona designada quien impondrá las reglas obligatorias de asistencia por uno o ambos de los siguientes puntos:

1. Completar una queja en la corte de relaciones juveniles y domésticas alegando de que el estudiante es un niño que necesita supervisión como es definida en § 16.1-228; o
2. Instituir procedimientos en contra de los padres de acuerdo a § 18.2-371 o § 22.1262.

Al completar una queja en contra del estudiante, el Especialista de Apoyo al Estudiante proveerá documentación escrita sobre los esfuerzos que ya se han realizado para resolver las ausencias del estudiante. Si los padres/representantes del estudiante tienen custodia física conjunta del estudiante y la escuela conoce sobre este acuerdo de custodia, ambos padres/representantes deberán ser notificados a su última dirección conocida.

D. Cooperación parental para remediar ausencias excesivas

Se espera que los padres/representantes cooperen con los oficiales de la escuela para remediar el problema de asistencia del estudiante. Cuando no se pueda establecer contacto directo con los padres, a pesar de los esfuerzos razonables, el Superintendente o persona designada puede buscar conformidad inmediata con las leyes obligatorias de asistencia a la escuela (§§ 22.1-254 o 22.1-258). La persona designada, con conocimiento y aprobación del Superintendente, instituirá actos contra cualquier padre que no acate los requerimientos de las leyes obligatorias de asistencia. Cuando la queja va más allá de la falla de los padres de cumplir con los requerimientos de, § 22.1-258, el Oficial de Asistencia deberá documentar la queja de la división escolar con esta sección de código.

3. Reporte para la suspensión de la Licencia de Conducir

Además de cualquier otra acción tomada referente a esta póliza, si un estudiante menor de 18 años tiene más de 10 ausencias a la escuela, no excusadas y por días consecutivos, el director podría notificar a la corte de relaciones juveniles y domésticas, quién podría tomar la acción de suspender la licencia de conducir del estudiante.

4. Reporte de Asistencia

La asistencia de los estudiantes será monitoreada y reportada como es requerido por las regulaciones y las leyes estatales. Al final de cada año escolar, los directores de cada una de las escuelas públicas deberán reportarle al Superintendente el número de estudiantes por nivel de grado a quienes se les haya programado una conferencia de acuerdo a la Parte 2 (B) de arriba. El Superintendente deberá recopilar esta información y entregársela anualmente al Director de Instrucción.

5. Precauciones de Salida de la Escuela

Los directores no deben entregarle a personas no autorizadas por los padres/representantes a ningún estudiante durante el día escolar para asumir responsabilidades sobre el estudiante. Los estudiantes

solamente pueden salir de la escuela por expreso deseo y autorización de los padres/representantes. El Superintendente deberá proveer procedimientos para salida de estudiantes que no vivan con o bajo la supervisión de un padre/representante. La carga de la prueba de la autoridad de la persona que recibe al estudiante recae sobre la parte solicitante. Cada escuela mantendrá un sistema formal para las salidas.

Las Ausencias Con y Sin Excusa

1. Las ausencias de la escuela se registran como con o sin excusa. Las siguientes son ausencias con excusa:
 - a. Ausencias debidas a enfermedad.
 - b. Ausencias aprobadas por un médico o la enfermera escolar.
 - c. Ausencias debidas a días religiosos festivos.
 - d. Ausencias debidas a la muerte de un miembro inmediato de la familia.
 - e. Ausencias (arregladas por adelantado) por otros motivos, que sean aprobadas por el director o directora o su designado/a.
2. Cualquier otra ausencia es considerada sin excusa a menos que se determine que hay circunstancias atenuantes.
3. Los estudiantes que están participando en un viaje escolar o una actividad escolar que se lleva a cabo fuera del campus y es propiamente aprobada por la administración escolar será contado como presente.

Llegadas tardes

Un estudiante de la escuela primaria se considerará tarde de asistencia si él o ella llega a la escuela después de la hora designada. Los siguientes procedimientos aplican para las escuelas primarias:

La campana de llegada tarde sonará a las 7:50 a.m. Si un estudiante llega a la escuela tarde, un padre/representante debe acompañarle a la oficina para firmar por él/ella.

En la 1 ^o llegada tarde	No hay consecuencia
2-4 llegadas tarde	Una advertencia-recordatorio por el personal de la oficina sobre la llegada a la escuela a tiempo.
En la 5 ^a llegada tarde	Una carta será enviada a la casa informando al padre/representante que el estudiante ha acumulado 5 llegadas tardes.
En la 10 ^a llegada tarde	Se requiere una reunión con el especialista de apoyo estudiantil y el padre/representante para desarrollar un plan para mejorar la asistencia del estudiante a la escuela.
Más de 15 llegadas tardes	Podrían ser requeridas reuniones con el especialista de apoyo estudiantil, el director, el consejero escolar y/u otro personal escolar designado para continuar a ayudar a mejorar la asistencia del estudiante a la escuela.

Si las llegadas tardes excesivas persisten, podría ocurrir lo siguiente:

4. Las llegadas tardes pueden ser referidos a un administrador para acción disciplinaria.

5. Si un estudiante está en una varianza de la zona escolar, esta varianza puede ser revocada debido a las llegadas tardes o ausencias excesivas.
6. Si un estudiante se ha mudado fuera del municipio durante un semestre escolar, el estudiante puede continuar asistiendo sin pago de tuición hasta el fin del semestre. En el evento de llegadas tardes o ausencias excesivas y/o asuntos de disciplina, la administración puede re-evaluar este privilegio cada caso individualmente.

Absentismo

Un estudiante será considerado ausente cuando no haya indicación de que los padres/representantes del estudiante tengan conocimiento y apoyen su ausencia. Esta ausencia será registrada como inexcusada.

Respuesta Administrativa al Absentismo Crónico

El director de la escuela o persona designada es el responsable de revisar los registros de asistencia e identificar a los estudiantes que tienen problemas de absentismo crónico debido a inasistencias excesivas y/o llegadas tarde.

La asistencia regular es responsabilidad de la escuela, el estudiante y los padres/representantes. Abajo se encuentra una tabla definiendo la responsabilidad de cada parte para asegurar una asistencia regular.

Política de limites - GM

MANTENIMIENTO DE LOS LIMITES DEL PERSONAL PROFESIONAL / LIMITES DEL ESTUDIANTES

Las Escuelas Públicas de Winchester ("WPS" o la "División") proveen a sus estudiantes un ambiente de aprendizaje seguro, de apoyo y protegen a sus estudiantes de la mala conducta sexual y el abuso. La Junta Directiva Escolar de Winchester ("Junta Escolar"), el Superintendente, los administradores, los maestros, otros empleados de la Junta Escolar, los voluntarios, los padres, las agencias estatales y las fuerzas del orden público comparten la responsabilidad de proteger a los estudiantes de la mala conducta sexual y el abuso.

Aunque la División cuenta con personal dedicado y profesional, es importante estar seguro que los límites entre el personal y los estudiantes se mantienen en todo momento, para asegurar el respeto de los deberes éticos y legales en la relación entre el personal y el estudiante. Asegurar también el deber esencial de los miembros del personal para servir como modelo para el estudiante. Al hacerlo, los miembros del personal demostrarán un enfoque en los deberes laborales, un compromiso para promover propósitos educativos y una dedicación incondicional al profesionalismo en la conducta y las interacciones con los estudiantes.

Para los propósitos de esta Política, se define un "miembro del personal" para incluir a todos los empleados de la Junta Escolar, incluyendo sin limitación a todos los administradores, consejeros, maestros, enfermeras, especialistas en apoyo estudiantil, personal de apoyo, entrenadores, empleados

de programas escolares virtuales y proveedores que ofrecen servicios de instrucción a los estudiantes, así como a todos los estudiantes maestros, pasantes, estudiantes de prácticas, voluntarios y miembros de la comunidad. Además, el término "inmediatamente" se usará al momento de reportar una situación que puede constituir una violación de esta Política, incluyendo sin limitación una apariencia de impropiedad, dentro de las primeras 24 horas de sospecha de la violación.

Todos los miembros del personal deben mantener una relación profesional, moral y ética en su conducta con los estudiantes y servirán como modelos para los estudiantes en todo momento. Dentro y fuera de la propiedad escolar, en horas escolares o no. La División fomenta relaciones saludables entre estudiantes y miembros del personal que promueven su éxito y el de los estudiantes. Al mismo tiempo, son necesarios límites claros y razonables para las interacciones entre los estudiantes y los miembros del personal para proteger a los estudiantes de la mala conducta sexual, el abuso y para proteger a los miembros del personal de malentendidos y falsas acusaciones.

Todos los miembros del personal tienen la responsabilidad de proporcionar un ambiente propicio para el aprendizaje mediante una disciplina consistente y bastante aplicada. Deberán mantener los límites profesionales físicos emocionales con los estudiantes. Estos límites se mantendrán sin importar la edad del estudiante, la naturaleza consensual percibida de la relación o actividad, la ubicación de la actividad o si el miembro del personal supervisa directamente al estudiante. Para los miembros del personal cuyos hijos son estudiantes de WPS, esta política no tiene la intención de violar o interferir en la relación padre / hijo habitual.

El contacto personal entre los estudiantes y los miembros del personal debe ser siempre profesional, no sexual, apropiado a las circunstancias y sin ambigüedad en el significado. Una invasión de los límites es un acto, una omisión o un patrón de conducta por parte de un miembro del personal que no tiene un propósito educativo, abusa o compromete la relación profesional entre el personal y el estudiante.

Conducta inaceptable

Ejemplos de invasiones de límites por miembros del personal:

- Cualquier tipo de contacto físico inapropiado con un estudiante o cualquier otra conducta que pueda considerarse acoso bajo las Políticas GBA / JFHA Prohibición contra Acoso y Represalias.
- Mostrando imágenes inapropiadas a un estudiante, incluyendo pornografía.
- Saliendo con un estudiante, discutiendo o planeando una futura relación romántica o sexual con un estudiante.
- Hacer avances sexuales hacia un estudiante.
- Una relación coqueta, romántica o sexual con un estudiante
- Invadir la privacidad personal de un estudiante.
- Distinguir a un estudiante en particular o a los estudiantes para una atención y amistad personal más allá de la relación profesional / estudiante.
- Socializar donde los estudiantes consumen alcohol, drogas o tabaco.
- Ofrecerse para proporcionar alcohol, drogas o tabaco a los estudiantes.
- El personal que no pertenezca a los servicios de orientación / asesoramiento: ayudar a los

estudiantes a confiar sus problemas personales o familiares y / o relaciones. Si un estudiante inicia tales discusiones, los miembros del personal deben usar su juicio profesional y enviar al estudiante al personal apropiado de orientación / consejería cuando sea apropiado.

- Enviar a los estudiantes en diligencias personales no relacionadas con ningún propósito educativo, no-curricular o extracurricular.
- Realizar juegos, alusiones, bromas o insinuaciones de naturaleza sexual con los estudiantes.
- Pedirle a un estudiante que mantenga un secreto.
- Divulgar asuntos personales, sexuales, familiares, de empleo u otros asuntos privados inapropiados a uno o más estudiantes.
- Dirigir a los estudiantes con términos personalizados de cariño o nombres que sugieran que el miembro del personal siente amor o afecto por el estudiante. Como miembro del personal, permitir que los estudiantes se dirijan a usted por su nombre, apodo, con términos personalizados de cariño, nombres de mascotas, o de otra manera de una manera demasiado familiar.
- Mantener contacto personal con un estudiante fuera de la escuela por teléfono, mensajes de texto, correo electrónico, mensajería instantánea, salas de chat en Internet, sitios web de redes sociales o cartas (más allá de la tarea u otro negocio escolar legítimo) sin el permiso expreso previo del padre o tutor del estudiante.
- Intercambiar tarjetas de regalo o cartas que sean personales en la naturaleza con un estudiante (más allá de los regalos habituales de los estudiantes-maestros).
- Socializar o pasar tiempo con los estudiantes fuera de las actividades escolares o extracurriculares patrocinadas por la escuela o actividades organizadas de la comunidad (incluyendo pero no limitado a actividades tales como salir a tomar bebidas, comidas o películas, ir de compras, viajar y actividades recreativas)
- Dar a un estudiante un paseo solo en un vehículo en una situación que no sea de emergencia o una situación que pueda evitarse. Si un miembro del personal tiene que darle a un estudiante un paseo, el estudiante viajará en el asiento trasero del vehículo cuando sea posible y el miembro del personal debe tratar de obtener el permiso previo del padre para el acuerdo de transporte.

Apariciones de conducta inapropiada

Las siguientes actividades son invasiones de límites y pueden crear una impropiedad real o la apariencia de impropiedad. Siempre que sea posible, los miembros del personal deben evitar estas situaciones. Si es inevitable, estas actividades deben ser pre-aprobadas por el administrador apropiado. Si no se aprueba previamente, el miembro del personal debe reportar inmediatamente la ocurrencia al administrador apropiado.

- Realizar conversaciones privadas continuas con estudiantes individuales que no tienen un propósito educativo, no están relacionados con actividades escolares o con el bienestar del estudiante, y que tienen lugar en lugares inaccesibles para otros.
- Estar solo con un estudiante individual fuera del punto de vista de los demás o en un lugar inaccesible, excepto en el contexto de consejeros escolares que proveen servicios de apoyo de consejería profesional, maestros que trabajan con estudiantes en un ambiente extraescolar o

- durante las pruebas o una enfermera escolar proveyendo Servicios médicos a un estudiante.
- Conducir a los estudiantes a casa o en otros lugares sin el conocimiento previo y permiso expreso del padre / guardián.
- Invitar o permitir que los estudiantes visiten la casa del miembro del personal sin el conocimiento previo y permiso expreso del padre / guardián.
- Invitar a los estudiantes para el contacto social fuera de los terrenos escolares sin el conocimiento previo y permiso expreso del padre / guardián.
- Visitar el hogar de un estudiante en ausencia del padre / guardián del estudiante o sin el conocimiento previo y permiso expreso del padre / guardián.
- Compartir en las redes sociales con estudiantes con fines no educativos.

Se espera que los miembros del personal sean sensibles a la apariencia de impropiedad en su conducta con los estudiantes. Se alienta a los miembros del personal a discutir asuntos con el administrador apropiado siempre que no estén seguros de sí una conducta particular puede constituir una violación de esta Política.

Comunicación electrónica

La tecnología digital y las redes sociales proporcionan múltiples medios para que los miembros del personal se comuniquen apropiadamente con los estudiantes y personalicen el aprendizaje. Las comunicaciones electrónicas y en línea entre los miembros del personal y los estudiantes deben ser transparentes, al mismo tiempo accesibles a los supervisores y padres / tutores, y profesionales en contenido y tono. Tal comunicación debe ser profesional, no sexual, apropiada a las circunstancias, e inequívoca en el significado. Los miembros del personal deben restringir las comunicaciones electrónicas individuales con los estudiantes individuales a las cuentas, sistemas y plataformas que son proporcionados y accesibles a la División o con el previo permiso expreso del director o supervisor y el padre / guardián.

Al igual que con las comunicaciones en persona, los miembros del personal deben evitar las apariencias de impropiedad y abstenerse de comunicaciones electrónicas inapropiadas con los estudiantes. Los factores que pueden ser considerados para determinar si una comunicación electrónica es inapropiada incluyen, pero no se limitan a:

El tema, el contenido, el propósito, la autorización, el momento y la frecuencia de la comunicación.

- Si hubo un intento de ocultar, proteger o difundir mal la comunicación de los supervisores y / o padres / tutores.

Programas para Niños talentosos

El programa EXCEL (enfaticando: Excelencia, Creatividad, Individualidad y Liderazgo) de las Escuela Públicas de Winchester ofrece un servicio continuo de opciones que proveen caminos de aprendizaje apropiado para niños talentosos. Las oportunidades de aprendizaje están diseñadas sin fin para que se ajusten a los talentos e intereses de los estudiantes.

La meta es la de comprometer a los estudiantes en un estudio comprensivo en el que la tasa de aprendizaje, el contenido, y los altos niveles de procesamiento de habilidades se ajustan para proveer un programa conmensurado con las necesidades de cada niño talentoso. Para asegurar el éxito de aprendizaje de todos los niños, las Escuela Públicas de Winchester afirman la necesidad y el derecho de cada niño a una experiencia apropiada y equitativa de alta calidad.

La identificación a todos los niveles está basada en múltiples criterios que se enfocan en una variedad de fuentes de información concernientes a potenciales candidatos para este servicio. La cuidadosa revisión de las muchas perspectivas de cada niño asegura la identificación de cada segmento de la población y provee una comunidad talentosa diversa en la que la interacción y el intercambio han pesado y enriquecido el significado. Las referencias y la examinación de los estudiantes para los servicios de EXCEL se llevan a cabo en septiembre y en marzo. Cualquiera de estas fuentes discretas pueden colocar a los estudiantes en el estudio del proceso de referencia para este servicio: ser referido por sus padres, personal profesional de la escuela, miembro de la comunidad o un estudiante. El especialista EXCEL de la escuela puede ser contactado para procedimientos y formularios.

Los niños con talento son identificados por tener aptitudes específicas en las áreas académicas de matemáticas y/o inglés, según demuestren habilidades avanzadas y expresiones creativas de actuación en esas áreas. Los estudiantes identificados para recibir servicios del programa de niños con talento a nivel primario (K-4) son agrupados en clases con maestros que han recibido entrenamiento en educación para niños talentosos. Los estudiantes reciben instrucción diferenciada, aceleración y enriquecimiento enlazados al currículo regular además de oportunidades de investigación. En los grados 3 y 4, los estudiantes pueden aplicar para ser admitidos en un programa de base central, A.C.E

(Currículo Acelerado a través del Enriquecimiento) que ofrece un modelo integrado de artes de lenguaje, ciencias y matemáticas que expone contenido y conceptos que van más allá de los conceptos del currículo de educación general.

A los estudiantes de los grados 9 - 12 se les ofrecen opciones de materia y cursos avanzados. Los servicios pueden incluir cualquiera de estas oportunidades: oportunidades para desarrollar habilidades para desarrollar oportunidades para desarrollar habilidades de pensamiento de alto nivel, estudio independiente, currículo diferenciado, aceleración, actividades de enriquecimiento dentro del área/de las áreas de aptitud del estudiante y una oportunidad de admisión a Mountain Vista Governor's School (Escuelas del Gobernador Mountain Vista),

Promoción/Retención

La Junta Directiva Escolar de Winchester cree en un programa académico que establezca "altas expectativas" y el crecimiento continuo de todos sus estudiantes. Creemos que el crecimiento académico y la mejora continua se logran a través de la instrucción académica enfocada. El fundamento de esta filosofía se basa la correlación entre las Metas y Objetivos de Instrucción (IA) y las escuelas eficaces de "tiempo". A través de remediación enfocada, el aumento de la duración de la jornada escolar y las oportunidades de aprendizaje extendido (por ejemplo academia de la escuela de verano) más tiempo para el aprendizaje será proporcionado para satisfacer las necesidades de todos los estudiantes a medida que avanzan hacia la graduación de la escuela secundaria. En consecuencia, habrá un aumento en el número de graduados de escuela secundaria, el número de graduados de educación postsecundaria, y el número de certificaciones de carreras ganadas

Los maestros tendrán conferencias con los padres / representantes de un niño que no esté haciendo progresos satisfactorios en cuanto surjan los problemas y desarrollarán planes para ayudar al niño a alcanzar un nivel aceptable de rendimiento. La comunicación continua debe mantenerse entre el maestro y los padres / representantes para asegurarse de que se están empleando procedimientos de intervención para ayudar al niño en la consecución de las habilidades académicas vitales.

Cuando un maestro tiene razones para creer que un niño necesita un cambio en su programa de instrucción, el maestro consultará con el director y el personal escolar adicional que ha trabajado con el niño. Los padres / representantes de los estudiantes que se están siendo considerados serán informados de los cambios inminentes en el programa y / o en la posible retención. La decisión final en relación a los cambios de programa y / o a la posible retención es la responsabilidad del director de la escuela.

Principios

1. Es importante desafiar a todos los estudiantes a perseguir un alto nivel de rendimiento;
2. En la evaluación de los logros del estudiante, cada maestro deberá hacer uso de toda la información disponible, incluyendo los resultados de las pruebas hechas por los maestros y otras medidas de la habilidad y el dominio del contenido, las tareas de escritura y la observación del maestro del rendimiento de los estudiantes;
3. Para los estudiantes con discapacidades, la consecución de los puntos de referencia de promoción se determina después de la consideración de los objetivos, el alojamiento y el impacto de la discapacidad;

4. Para los estudiantes con una lengua materna diferente al Inglés (EL), la consecución de los puntos de referencia de promoción se determina después de considerar las metas y acomodaciones para la adquisición del lenguaje tal como se definen en la colocación en el programa EL;

5. Los cambios en un programa o una posible retención de los estudiantes deberán estar en vigor sólo después de la notificación previa y explicación a los padres / representantes del estudiante; sin embargo, la decisión recaerá en el director de la escuela de base;

6. Al momento de los cambios de un programa y / o la posible retención se considera una posibilidad, los comentarios sobre el estudiante en la Boleta de Calificaciones deberá reflejar los problemas académicos del estudiante. La posibilidad de retención o colocación deberá ser comunicada a los padres / representantes camino a más tardar al final del tercer trimestre;

7. Los requisitos de promoción / retención serán objeto de una revisión anual de los datos a ser completada por el Asistente del Superintendente de Instrucción con la cooperación de los directores de las escuelas.

Estudiantes de primaria y escuela intermedia (grados K-7)

Los estudiantes de primaria y de escuela intermedia serán promovidos cuando, según el criterio profesional del personal de instrucción en las escuelas, la competencia en el nivel de grado apropiado ha sido demostrada. La promoción es la asignación al siguiente grado. Los estudiantes serán retenidos sólo cuando, según el criterio profesional del personal de instrucción basados en la escuela, el estudiante no ha demostrado competencias de nivel de grado apropiado y la acción de retención sería en el mejor interés del estudiante. La retención es la reasignación al nivel de grado actual. En todos los casos de promoción o retención, el padre / representante debe estar completamente informado y participar en todo el proceso de toma de decisión de promoción / retención, pero la decisión final será tomada por el personal profesional.

Estudiantes de la escuela intermedia (grado 8)

1. Con el fin de ser promovidos al noveno grado, los estudiantes tendrán que aprobar inglés, matemáticas, estudios sociales y ciencias. El comité de retención de la escuela tendrá en cuenta otros criterios de promoción, si un estudiante ha fallado uno o más de estos cursos y recomendará la retención o la promoción del estudiante.

Estudiantes de la escuela secundaria (grados 9 - 12)

1. La asignación en la secundaria de los estudiantes en los grados 9 a 12 para obtener un diploma estándar o avanzado, se basa normalmente en el siguiente calendario de créditos acumulados.
