Every Student Succeeds Act of 2015 (ESSA)

On December 10, 2015, President Obama signed the Every Student Succeeds Act of 2015 (ESSA), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA) and replaces the No Child Left Behind Act of 2001 (NCLB). There are significant differences between these two laws regarding accountability, teacher qualifications and parents’ right to know. The U.S. Department of Education and the Virginia Department of Education will be revising regulations during the 2017-2018 school year.

Teacher Qualifications:

Parents may request information regarding the professional qualifications of students’ classroom teachers, which will include, at a minimum, the following:

- whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas
- in which the teacher provides instruction whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived
- the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher
- the field of discipline of the certification or degree
- whether the child is provided services by paraprofessionals and, if so, their qualifications

Schools receiving Title I funds must also give timely notice that the parent’s child has been assigned or has been taught for four or more consecutive weeks by a teacher who is not highly qualified, as defined by federal law.

It is a violation of this policy for any student or school personnel to harass a student or school personnel based on sex, gender, race, color, national or ethnic origin, disability, religion, ancestry, age, marital status, genetic information or any other characteristic protected by law or based on a belief that such characteristic exists at school or any school sponsored activity. Visiting Our Schools

We encourage you as a parent to visit your child’s school as often as possible. However, in today’s world, building safety and security must be a strong component of keeping our children safe at school. All visitors are asked to enter a school through the designated entrance, go directly to the office (show identification), register as being in the building and receive a visitor’s badge. Upon completion of the visit, please return the badge to the office and sign out. Meetings with teachers must be prearranged due to their teaching schedule. Students may not have visitors in the cafeteria.

Attendance

The importance of regular school attendance cannot be over emphasized. It is not surprising that students with good attendance achieve at much higher levels, enjoy school more and develop habits of punctuality, self-discipline, and responsibility. All of these will serve an individual well as he/she continues through school and into the world of work.

It is the primary and legal responsibility of parents to see that the children are regular and prompt in their school attendance. We request that any time your child must be absent from school, please call the school on the day of the absence and advise the school that your child will not be in attendance that day. The call should contain the date(s) of the absence and the cause. If your child is absent and you have not called the school to advise them of the absence, school officials will attempt to contact you by telephone to verify your knowledge and support of the absence. Virginia law requires that if a student has been absent five days

during the school year without the knowledge and support of the parent, a conference will be scheduled with the parent, student and school principal so that the principal might explain the consequences of continued unexcused absence. A plan will be developed to improve attendance and if attendance improves, no further action will be necessary.

Should absences continue, the school system may proceed legally to cause the student to attend school regularly. Such action may include a request to the juvenile and domestic relations court for a petition for the student as a child in need of services or a warrant against the parent for violation of compulsory attendance laws.

Student Attendance Policy

Student attendance is a cooperative effort and the School Board shall involve parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age shall be responsible for such child's regular and punctual attendance at school as required under provisions of the law; therefore, the parent/guardian or person having control or charge of a child (hereafter referred to as parent/guardian) shall make a reasonable attempt to contact the school on the day of absence.

A reasonable effort shall be made to contact a parent/guardian of each absent student every day, and to obtain an explanation for the student's absence. Where there is no indication that the student's parent/guardian is aware of and supports the absence, the absence shall be recorded as unexcused.

The Principal or designee will determine whether an absence is excused. Unexcused absences shall be handled according to regulations issued by the Superintendent.

The superintendent's regulations will include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations will ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which he or she missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless otherwise excused. Secondary students shall be scheduled for a full school day unless they are enrolled in a cooperative work-study program. All other exceptions to a full day schedule must be approved on an individual basis by the Superintendent or designee.

Compulsory Attendance Procedures

A. Upon Fifth Absence without Parental Awareness and Support

If (1) a student fails to report to school for a total of five (5) scheduled school days for the school year, and (2) there is no indication that the student's parent is aware of and supports the absence; and (3) reasonable efforts to notify the parent of the absences have failed, then the Principal or designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation by the Student Support Specialist to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his/her designee or Student Support Specialist, the pupil, and the pupil's parent(s) shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Sixth Absence without Parental Awareness and Support

If the pupil is absent an additional day after direct contact with the pupil's parent(s) and the Student Support Specialist has received no indication that the pupil's parent(s) is aware of and supports the pupil's absence, the Student Support Specialist shall schedule a conference within ten (10) school days, which must take place no later than the fifteenth school day after the sixth absence. At the conference, the pupil, his/her parent(s), and school personnel, shall meet to resolve issues related to the pupil's nonattendance. Other community service providers may also be included in the conference.

C. Upon Additional Absence without Parental Awareness and Support

Upon the next absence after the conference without indication to the Student Support Specialist that the pupil's parent(s) is aware of and supports the pupil's absence, the Principal or designee shall notify the Superintendent or designee who shall enforce the compulsory attendance rules by either or both of the following:

1. Filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228; or
2. Instituting proceedings against the parent(s) pursuant to § 18.2-371 or § 22.1-262.

In filing a complaint against the student, the Student Support Specialist shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parent/guardian have joint physical custody of the student and the school has notice of the custody arrangement, then both parents/guardian shall be notified at their last known addresses.

D. Parental Cooperation in Remedying Excessive Absences

It is expected that parents/guardians will cooperate with school officials to remedy the student's attendance problem. Where direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remedying the student's attendance problem, the Superintendent or designee may seek immediate compliance with the compulsory school attendance laws (§§ 22.1-254 or 22.1-258). The designee, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of § 22.1-258, the Attendance Officer shall document the school division's compliance with this Code section.

Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

Attendance Reporting

Student attendance shall be monitored and reported as required by state law and regulations. At the end of each school year, each public school principal shall report to the Superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part 2 (B) above. The Superintendent shall compile this information and provide it annually to the Director of Instruction.

Dismissal Precautions

Principals shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students shall be released only on request and authorization of the parent/guardian. The Superintendent shall provide procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal check-out system shall be maintained in each school.

Absences: Excused and Unexcused Absences

1. Absences from school are recorded as either excused or unexcused. Excused absences are as follows:
 - a. Absences due to illness.
 - b. Absences approved by a physician or the school nurse.
 - c. Absences due to religious holidays.
 - d. Absences due to a death in the immediate family.
 - e. Absences (prearranged) for other reasons, which are approved in advance by the school principal or designee.
2. All other absences are considered unexcused unless there is a determination of extenuating circumstances.
3. Students in attendance on school sponsored or school related field trips or a school activity held off campus and properly approved by the school administration will be counted present.

Tardy

Any student will be considered tardy in attendance if he/she is late in arriving at school after the designated time. The following procedure applies to the elementary schools:

The tardy bell rings at 8:25 a.m. If a student arrives to school late, then a parent/guardian must accompany him/her to the office to be signed in.

- 1st Tardy – No repercussion
- 2nd-4th Tardies - Warning-reminders by front office staff to attend school on time.
- 5th Tardy - A letter will be sent home informing the parent/guardian that the student has accumulated an attendance referral.
- 10th Tardy – A meeting will be required with the Student Support Specialist and the parent/guardian to develop a plan to improve the student’s tardiness to school.
- 15th + Tardies – Meetings with the Student Support Specialist, Principal, School Counselor and/or other designated school personnel may be required to continue to assist in improving the student’s tardiness to school.

If excessive tardies continue then the following could occur:

1. Tardies may be referred to an administrator for disciplinary action.
2. If a student is on a school zone variance, that variance can be revoked due to excessive tardies or absences.
3. If a student has moved out of the city during a school semester the student may continue in attendance without payment of tuition until the end of the semester. In the event of excessive absences, tardies, and/or discipline issues the administration may review this privilege on a case by case basis.

Truancy

A student will be considered truant when there is no indication that the student’s parent/guardian is aware of and supports the absence. The absence will be recorded unexcused.

Administrative Response to Chronic Absenteeism

The school principal or designee is responsible for reviewing attendance records and identifying students with chronic attendance problems marked by excessive absenteeism and/or tardiness. **Regular attendance is the responsibility of the school, student, and parent/guardian. The following table outlines the responsibility of each party to ensure regular attendance.**

The interrogation shall be held in a private place designated by school officials and in the presence of school officials.

Boundaries Policy - GM

Maintaining Professional Staff/Student Boundaries

Winchester Public Schools ("WPS" or the "Division") provides its students with a safe and supportive learning environment and protects its students from sexual misconduct and abuse. The responsibility to protect students from sexual misconduct and abuse is shared by the Winchester Public School Board ("School Board"), Superintendent, administrators, teachers, other School Board employees, volunteers, parents, state agencies and law enforcement.

Although the Division has dedicated, professional staff members, it is important to be certain that proper boundaries between staff members and students are maintained at all times in order to ensure respect for the ethical and legal duties in the staff/student relationship and the essential duty of a staff member to serve as a role model to the student. In doing so, staff members will demonstrate a focus on job duties, a commitment to promote educational purposes, and an unconditional dedication to professionalism in conduct and interactions with students.

For the purposes of this Policy, a "staff member" is defined to include all School Board employees, including without limitation all administrators, counselors, teachers, nurses, student support specialists, support staff, coaches, employees of virtual school programs (to include but not be limited to distance learning, on line programs) and vendors providing instructional services to students, as well as all student teachers, interns, practicum students, volunteers and community members. In addition, the term "immediately" is defined as reporting a situation that may constitute a violation of this Policy, including without limitation an appearance of impropriety, within 24 hours of the first suspicion of the violation.

All staff members are to maintain a professional, moral, and ethical relationship in their conduct with students and shall serve as role models for students at all times, whether on or off School property, both during and outside of school hours. The Division encourages healthy relationships between students and staff members that promote student achievement and success. At the same time, clear and reasonable boundaries for interactions between students and staff members are necessary to protect students from sexual misconduct and abuse and to protect staff members from misunderstandings and false accusations.

All staff members have a responsibility to provide an atmosphere conducive to learning through consistent and fairly applied discipline and the maintenance of professional physical and emotional boundaries with students. These boundaries shall be maintained regardless of the student's age, the perceived consensual

nature of the relationship or activity, the location of the activity, and whether the staff member directly supervises the student. For staff members whose children are students of WPS, this policy is not intended to violate or otherwise intrude upon the usual parent/child relationship.

Personal contact between students and staff members must always be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. A boundary invasion is an act, omission, or pattern of behavior by a staff member that does not have an educational purpose and either abuses or compromises the staff/student professional relationship or has the potential to abuse or compromise the staff/student professional relationship.

Unacceptable Conduct

Examples of boundary invasions by staff members include but are not limited to the following:

- Any type of inappropriate physical contact with a student or any other conduct that might be considered harassment under Policies GBA/JFHA Prohibition Against Harassment and Retaliation.
- Showing inappropriate images to a student, including pornography;
- Dating a student, or discussing or planning a future romantic or sexual relationship with a student;
- Making sexual advances toward a student;
- A flirtatious, romantic or sexual relationship with a student;
- Unnecessarily invading a student's personal privacy;
- Singling out a particular student or students for personal attention and friendship beyond the professional staff/student relationship;
- Socializing where students are consuming alcohol, drugs or tobacco;
- Providing or offering to provide alcohol, drugs or tobacco to students;
- For non-guidance/counseling staff, excessively encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to use their professional judgment and refer the student to appropriate guidance/counseling staff when appropriate;
- Sending students on personal errands unrelated to any educational, non-curricular or extracurricular purpose;
- Banter, allusions, jokes or innuendoes of a sexual nature with students;
- Asking a student to keep a secret;
- Disclosing inappropriate personal, sexual, family, employment concerns, or other inappropriate private matters to one or more students;
- Addressing students with personalized terms of endearment or pet names that would suggest the staff member feels love or affection for the student. As a staff member, permitting students to address you by your first name, nickname, with personalized terms of endearment, pet names, or otherwise in an overly familiar manner;
- Maintaining personal contact with a student outside of school by telephone, text message, email, Instant Messenger, Internet chat rooms, social networking websites or letters (beyond homework or other legitimate school business) without the prior express permission of the student's parent/guardian;
- Exchanging gifts cards or letters that are personal or extravagant in nature with a student (beyond customary student-teacher gifts);
- Socializing or spending time with students outside of school related or school sponsored curricular or

extracurricular activities or organized community activities (including but not limited to activities such as going out for beverages, meals or movies, shopping, traveling and recreational activities) and/or

- Giving a student a ride alone in a vehicle in a non-emergency situation or a situation that can be avoided. If a staff member must give a student a ride, the student shall ride in the back seat of the vehicle when possible and staff member must attempt to gain prior permission from the parent for the transportation arrangement.

Appearances of Impropriety

The following activities are boundary invasions and can create an actual impropriety or the appearance of impropriety. Whenever possible, staff members should avoid these situations. If unavoidable, these activities must be pre-approved by the appropriate administrator. If not pre-approved, the staff member must immediately report the occurrence to the appropriate administrator.

- Conducting ongoing, private conversations with individual students that do not have an educational purpose, are unrelated to school activities or the well-being of the student, and that take place in locations inaccessible to others;
- Being alone with an individual student out of the view of others or in an inaccessible location, except for in the context of school counselors providing professional counseling support services, teachers working with students in an afterschool setting or during testing, or a school nurse providing medical services to a student;
- Driving students home or to other locations without the prior knowledge and express permission of the parent/guardian;
- Inviting or allowing individual students to visit the staff member's home without the prior knowledge and express permission of the parent/guardian;
- Inviting students for social contact off school grounds without the prior knowledge and express permission of the parent/guardian;
- Visiting a student's home in the absence of the student's parent/guardian or without the prior knowledge and express permission of the parent/guardian; and/or
- Social networking with students for non-educational purposes.

Staff members are expected to be sensitive to the appearance of impropriety in their conduct with students. Staff members are encouraged to discuss issues with the appropriate administrator whenever they are unsure whether particular conduct may constitute a violation of this Policy.

Electronic Communication

Digital technology and social networking provide multiple means for staff members to communicate appropriately with students and personalize learning. Electronic and online communications between staff members and students must be transparent, contemporaneously accessible to supervisors and parents/guardians, and professional in content and tone. Such communication must be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. Staff members must restrict one-on-one electronic communications with individual students to accounts, systems, and platforms that are provided by and accessible to the Division or with the prior express permission of the principal or supervisor and the parent/guardian.

As with in-person communications, staff members shall avoid appearances of impropriety and refrain from inappropriate electronic communications with students. Factors that may be considered in determining whether an electronic communication is inappropriate include, but are not limited to:

- The subject, content, purpose, authorization, timing and frequency of the communication;
- Whether there was an attempt to conceal, shield or misportray the communication from supervisors and/or parents/guardians;
- Whether the communication could be reasonably interpreted as soliciting sexual contact or a romantic relationship; and
- Whether the communication contained sexual innuendo, such as for purposes of grooming the student.

Parents are encouraged to have access to their children's social networking and digital communications and to supervise their children's use of these methods of communication.

Reporting Violations

Students and their parents/guardians are strongly encouraged to notify the principal, an administrator, the lead supervisor, or division superintendent if they believe a staff member may be engaging in conduct that violates this Policy.

Staff members are required to immediately notify the principal, an administrator, the lead supervisor, or the division superintendent if they become aware of a situation that may constitute a violation of this Policy. This obligation is in addition to the statutory responsibility to report suspected abuse and neglect under Policy JHG Child Abuse Neglect and Reporting.

Anonymous complaints involving inappropriate boundary invasions by staff members with students will be investigated as if a student, parent, or staff member reported the violation.

Investigation

Investigations of allegations concerning improper staff/student relations shall follow the procedures utilized for complaints under Policies GBA/JFHA Prohibition Against Harassment and Retaliation and GBA-R1/JFHA-R1 Harassment: Complaint Procedure.

Disciplinary Action

A violation of this Policy by a staff member may result in disciplinary action up to and including dismissal. In the case of termination of employment for sexual misconduct or abuse, the Division will notify the State Superintendent of Instruction. Consistent with the Virginia Department of Education Guidelines, the Division will disclose to school divisions seeking references any formal reprimands or dismissals for violating this Policy.

Retaliation

Retaliation against students or staff members who report an improper staff/student relationship or participate in any related proceedings is prohibited. Appropriate action will be taken against students or staff members who retaliate against any student or staff member who reports alleged harassment or participates in related proceedings.

Inappropriate Behavior Initiated by a Student

In the event that a student initiates inappropriate behavior toward a staff member, the staff member must document the incident and report it to the principal, an administrator, counselor, or the lead supervisor. If appropriate, the principal, administrator, counselor, or lead supervisor will intervene and speak with the student and the student's parent/guardian about the alleged inappropriate behavior.

Training

The Division will provide its employees and volunteers with training on the prevention of sexual misconduct and abuse, including providing them with this Policy. All teachers are required to be trained during their recertification process. Contracts with virtual school programs and other vendors providing instructional services to students will include a requirement that those staff members will comply with this Policy.

Dissemination of Policy and Reporting Protocols

This Policy will be included on the Division's website and in all employee, student and volunteer handbooks.

Notice of Directory Information

However, Winchester Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised us to the contrary. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In

addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories-names, addresses, and telephone listings-unless parents have advised the LEA that they do not want their student's information disclosed without prior written consent.

If you do not want Winchester Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the school principal in writing at the beginning of each school year. (If you decide to restrict this information, then your child will not be included in the yearbook or any school publication.)

Parental Responsibility and Involvement Requirements

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the stands of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements for this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law.
 1. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies and decisions.

2. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational process.
 - E. In accordance with the due process procedures set forth in this article and the guidelines required by § 22.1-279.6, the school principal may notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

 - G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:
 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
 2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the

court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

- H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.
- I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

The Computer System is not a public forum and is not intended to be a forum; its purpose is to advance the Division's communications, curriculum, and work. This Policy applies to all users of the Computer System. By using or accessing the Computer System, the user agrees to abide by this Policy.

Winchester Public Schools established and manage an instance of G Suite for Education, a set of free productivity tools for classroom collaboration provided by Google, and utilize additional services with the G Suite for Education platform as deemed appropriate and that support education purposes at Winchester Public Schools.

Use of the Computer System is a privilege, not a right, and can be withdrawn by the Division at any time, with or without prior notice. Any communication or material generated using the Computer System, including without limitation electronic mail, social media posts, instant or text messages, and other files, may be monitored, read, and/or archived by school officials without prior notice, reason, or permission, even if the communication or material was deleted from a user's account.

Definition of Guidance and Counseling Services:

Guidance which assists students and their parents to acquire knowledge of the curricula choices available to

students, to plan a program of studies, to arrange and interpret academic testing, and to seek postsecondary academic opportunities.

Career Guidance

Guidance which helps students to acquire information and plan action about work, jobs, apprenticeships, and post-secondary educational and career opportunities;

Information and records of personal/social counseling will be kept confidential and separate from a student's educational records and not disclosed to third parties without the prior parental consent or as otherwise provided by law. Parents may elect, by notifying their child's school in writing, to have their child not participate in personal/social counseling.

No student is required to participate in any counseling program to which the student's parents object. The guidance and counseling program does not include the use of counseling techniques, which are beyond the scope of the professional certification or training of counselors, including hypnosis, or other psychotherapeutic techniques that are normally employed in medical or clinical setting and focus on mental illness or psychopathology.

Parents are notified about the counseling programs which are available to students within the school division. Parents shall be advised concerning the purpose and general description of the programs, information regarding ways parents may review materials to be used in guidance and counseling programs at their child's school and information about the procedures by which parents may limit their child's participation in such programs.

In providing such services, the School Board consults and cooperates with the Virginia Employment Commission, the Department of Labor and Industry, local business, labor organizations, and career schools.

Schedule Adjustments

- Errors will be corrected the first two (2) days of each semester. An error may include the following: missing a class, a previously passed course, courses not scheduled in sequence or placement in a course for which the prerequisites have not been met.
- A schedule adjustment (ie: level change, drop/add new course) may be requested beginning the third day of each semester. Student must submit all requests for a schedule adjustment prior to the sixth day of the school year. A schedule adjustment will be based on class availability, students' diploma type and course of study (including their academic and career plan).

- Students may need to make changes if they have failed a course the first semester and no longer meet the prerequisites for a scheduled class or have been afforded the opportunity to retake the failed course.
- Dropping a class after the first nine (9) weeks will result in an F for the course.
- Students who pass a course may repeat the course, but a duplicate credit will not be given.

Request for schedule adjustments outside the established timeframe require administrative approval. All changes are predicated on space available in the requested class. All schedule change requests are handled by the appropriate guidance counselor.

Graduation Requirements

Four of the diploma programs that are offered to meet the goals of the individual student are the Advanced Studies Diploma, Advanced Technical Diploma, the Standard Diploma, and the Standard Technical Diploma. The Modified Standard Diploma and the Individual Education Plan Program of Studies are for students with Individual Education Plans (IEP).

To graduate from high school all students must:

1.
 - a. Schedule and pass a minimum of 22 units of credit in grades nine through twelve for a Standard Diploma. An Advanced Studies Diploma requires 24 credits. Seniors are required to schedule a MINIMUM of six (6) units of credit each year. Freshman, sophomores and juniors are required to schedule eight (8) units of credit each year. Transfer students will have their records evaluated to see whether the 24 credits and course requirements apply to them. We will follow state guidelines.
 - b. Have at least six verified credits for a STANDARD REGULAR or TECHNICAL DIPLOMA, or nine verified credits for an ADVANCED STUDIES DIPLOMA and an ADVANCED TECHNICAL DIPLOMA. VERIFIED CREDITS mean that the student passed the state required Standards of Learning (SOL) test in addition to passing the course. VERIFIED credits are earned in the following courses: English 11, US History, World History I & II, Algebra I & II, Geometry, Chemistry, Biology, and Earth Science.
2. Pass the required subjects for the diploma program they pursue. High school credit is given for high school subjects taken in the eighth grade (i.e. Algebra 1 or the first year of a foreign language).
3. Have a job-entry skill OR be prepared to attend college.

Students with disabilities who have an IEP and who fail to meet the requirements for a standard or advanced studies diploma have a right to a free and appropriate education to age 21.

Promotion/Retention

The Winchester School Board believes in an academic program that sets “high expectations” and continuous growth for all its students. We believe that continuous academic growth and improvement are achieved through focused academic instruction. The foundation of this philosophy is based on the Instructional Goals and Objectives (IA) and Effective Schools correlate of “time.” Through focused remediation, increased length of the school day, and extended learning opportunities (e.g. summer school academy) more time for learning will be provided to meet the needs of all students as they progress toward high school graduation.

Consequently there will be an increase in the number of high school graduates, number of post-secondary education graduates, and number of career certifications earned.

Teachers will confer with the parents/guardians of a child making unsatisfactory progress as soon as problems arise and will develop plans to help the child reach an acceptable level of performance. Ongoing communication should be maintained between the teacher and the parents/guardians to assure that intervention procedures are being employed to assist the child in attaining vital academic skills.

When a teacher has reason to believe that a child needs a change in his/her instructional program, the teacher will consult with the principal and additional school personnel who have worked with the child. The parents/guardians of pupils being considered will be informed of the impending program changes and/or possible retention. The final decision relative to program changes and/or possible retention is the responsibility of the building principal.

Principles

1. It is important to challenge all students to pursue a high level of performance;
2. In evaluating student achievement, each teacher shall make use of all available information, including results of teacher-made tests and other measures of skill and content mastery, writing assignments, and teacher observation of student performance;
3. For students with disabilities, attainment of the promotion benchmarks is determined after consideration of the goals, accommodations, and impact of the disability;
4. For students with a primary language other than English (ESL), attainment of the promotion benchmarks is determined after consideration of the goals and accommodations for language acquisition as defined by the ESL placement;
5. Changes in a program or possible retention of students shall be in effect only after prior notification of and explanation to the student’s parents/guardians; however, the decision shall rest with the base school principal;
6. At the time program changes and/or possible retention is considered a possibility, comments on the Report Card shall reflect the student’s academic problems. The possibility of retention or placement shall be communicated to parents/guardians via the end of quarter Report Card no later than the end of the third quarter;
7. Promotion/retention requirements will be subject to an annual review of the data to be completed by the Assistant Superintendent of Instruction with the cooperation of the school principals.

Secondary School Students (Grade 9-12)

1. Secondary assignment of students in grades 9 through 12 earning a Standard or Advanced diploma is normally based on the following schedule of accumulated credits.

| Grade | Promotion |
|--------------|---|
| Grade 9 | Met requirements for 8 th -9 th grade promotion |
| Grade 10 | Promoted, 5 credits |
| Grade 11 | Promoted, 11 credits |
| Grade 12 | Promoted, 17 credits |

2. Upon the Superintendent’s recommendation and subject to School Board approval, credit may be awarded for courses having less than one hundred forty (140) hours per course upon demonstration of mastery of the course content and objectives. Having received credit for the course, the student will be permitted to sit for the relevant Standards of Learning assessment and, upon receiving a passing score, will earn a verified credit. (§ 8 VAC 20-131-110B).

Grading Scale

The current grading scale will apply to all courses.

| Grade | Meaning | Value | GPA Points |
|--------------|----------------|--------------|-------------------|
| A | Superior | 90-100 | 4 |

| C | Satisfactory | 70-79 | 2 |
| D | Poor | 60-69 | 1 |
| F | Failing | 0-59 | 0 |

Weighted Grades

Students attending John Handley High School who are enrolled in Advanced Placement and Mountain Vista Governor School classes will receive additional weighted quality points to be added to the base GPA.

- There shall be no reportable class rank.
- The current grading scale will apply to all courses

A class profile will indicate the percentage of graduates whose grade point average falls within various grade point averages. The class profile will be submitted to colleges upon the request of the student/parent.

Report Cards

Report cards are issued twice a semester and are mailed home. Progress reports will be issued to students every three weeks. These grades do not go on a student’s permanent record. The final report card includes the eighteen week semester, examinations, and final grades. Final grades are entered onto a student’s permanent record.

Scholastic Records Maintenance Policy

This information is being given to you to inform you of the rights accorded students and parents regarding records kept by Winchester Public Schools. Each school in Winchester maintains scholastic records which are official school records.

Scholastic records are records directly related to a student and are maintained by the school division. These include, but are not limited to, documentation pertinent to the educational growth and development of students as they progress through school, student disciplinary records, achievement and test data, cumulative health records, reports of assessments for eligibility for special education services and Individualized Educational Programs.

English Learners (EL)

The Winchester Schools' English Learners (EL) program serves over 700 students in grades K-12. The program emphasizes both English language proficiency and core area academics. Students in the elementary grades receive instruction in both regular and ESOL classrooms. At the secondary level, both sheltered and inclusion classes are offered according to the students' level of English proficiency.

The School Board will, not later than 30 days after the beginning of the school year, inform a parent or the parents of a limited English proficient child identified for participation in, or participating in, a program for limited English proficient students of

- the reasons for the identification of their child as limited English proficient and in need of placement in a language instruction education program;
- the child's level of English proficiency, how that level was assessed, and the status of the child's academic achievement;
- the method of instruction used in the program in which their child is, or will be, participating, and the methods of instruction used in other available programs, including how such programs differ in content, instruction goals, and use of English and a native language in instruction;
- how the program in which their child is, or will be participating will meet the educational strengths and needs of the child;
- how such program will specifically help their child learn English, and meet age appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for such program, the expected rate of transition from such program into classrooms that are not tailored for limited English proficient children, and the expected rate of graduation from secondary school for such program;
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child; and
- information pertaining to parental rights that includes written guidance
 - detailing the right that parents have to have their child immediately removed from such program upon their request and the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available, and
 - assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the school division.

Gifted Program

The Winchester Public Schools EXCEL Program (emphasizing: Excellence, Creativity, "En"dividuality, and Leadership) offers a continuum of services and options which provides appropriate learning pathways for gifted students. Learning opportunities are designed to be open-ended so that they may be tailored to the talents and interests of students.

The goal is to engage students in comprehensive study for which the rate of learning, the content, and high level processing skills are adjusted to provide a program commensurate with the needs of each intellectually

gifted student. To ensure successful learning for all children, Winchester Public Schools affirm the need and the right of each child to appropriate and equitable educational experiences of consistently high quality.

Identification at all levels is based on multiple criteria which focus on a variety of information sources concerning potential candidates for services. Careful review of the many perspectives of each child ensures identification that draws from all segments of the population and provides a diverse gifted community in which interaction and exchange have heightened and enriched meaning. Referrals and screening of students for gifted services are in September and March. Any of the following discrete sources may place students in the referral process for EXCEL services: referral by parent, professional school staff, community member or student. The school-based EXCEL Specialist can be contacted for procedures and forms.

Gifted students are identified with specific aptitudes in the academic areas of mathematics and/or English, as demonstrated by advanced skills, performance and creative expression in those areas. Students identified for gifted services at the elementary level (K-4) are cluster grouped in classes with teachers who have received specialized training in gifted education. Students receive differentiated classroom instruction, acceleration and enrichment linked to the regular curriculum and additional research opportunities. In grades 3 and 4, students may apply for admission to a center-based program, A.C.E. (Accelerated Curriculum through Enrichment), which offers an integrated model of language arts, science, and math and exposure to content and concepts beyond the general education curriculum.

Middle school students (5-8) are provided sequential differentiated instruction within the regular classroom. Services may include: acceleration (content or grade level), cluster/flexible grouping, independent study, compaction, or enrichment. Course electives and pull-out seminars are designed to challenge the ability of the highly committed gifted child and are offered several times a year to all middle school EXCEL students. Gifted middle school students are also afforded an opportunity each year to apply for admission into the summer regional Blue Ridge Environmental Governor's School.

Students in grades 9-12 are provided with subject area options and advanced placement courses. Services can include any of the following: opportunities to develop higher level thinking skills, independent study, curriculum differentiation, acceleration, compacting, enrichment activities within the student's aptitude area(s), and an opportunity for admission into the regional Mountain Vista Governor's School.

The overall objective of intramurals is to give each student opportunities to participate in activities of his/her choice in a safe and healthful environment, which will enable them to develop physically and socially.

The intramural sports offered may vary from year to year depending on student interest.

Emergency Procedures

Standard Response Protocol

Student Safety - A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

- Lockdown - “Locks, Lights, Out of Sight”
- Evacuate - “To the Announced Location”
- Shelter - “For a Hazard Using a Safety Strategy”

Please take a moment to review these actions. Students and staff will be trained and the school will drill these actions over the course of the school year. More information can be found on the [I Love U Guys website](#).

Winchester Public Schools provides dependable and safe transportation to and from school daily for students. Buses are equipped with video cameras to address safety concerns. Bus routes, stops and times of departures will be available from your child's school in August prior to the start of school and will be available on the school system web site (www.wps.k12.va.us) by mid-August. Students should be at their stop five minutes prior to the morning departure time. The buses arrive at Handley by 8:15am and depart at 3:20pm. Students may also walk, cycle, or drive to school.

Safe transportation to and from school is dependent upon children conducting themselves properly on the bus. Students are expected to follow the directions listed below:

- Listen to the drivers at all times
- Remain seated while the bus is in motion
- Speak only at conversational levels
- Keep arms, legs and heads in the bus at all times
- Do not use vulgar language
- Be respectful to drivers or classmates
- Students must not engage in any type of roughhousing, fighting or any behavior that may distract the driver and create a safety hazard
- Students may have in their possession a beeper, cellular telephone, personal digital assistant (PDA) or other communications device on school buses, provided that the device must remain off and out of sight unless the bus driver is notified of a declared emergency by school officials
- Refrain from defacing or damaging the bus. Violators will be assessed repair costs and will be subject to disciplinary action

Students who violate these rules lose their privilege to ride the bus.

Dress Code

Habits of cleanliness and proper dress are of major importance in establishing patterns of school and social behavior. A close relationship between the attitudes and conduct of students and their personal habits of cleanliness and dress is observable. Generally, students are not to be attired in clothing which compromises safety or modesty, or which is disruptive to the educational process.

The following are prohibited:

Field Trips

One of the most effective ways for learning to occur is through field trips. From time to time your child may have an opportunity to participate in a school sponsored field trip to reinforce instruction. While on a field trip your child will be under the supervision of school personnel and all school rules and regulations will apply. You will be advised of any field trip prior to its occurrence. No child will be penalized for not participating in a field trip.

Food and Drink Policy

There are three lunch periods each thirty (30) minutes long and are assigned to students. All students are issued a PIN number that connects to their student lunch account. Students and parents are encouraged to pay in advance for lunches on this account. Checks are made payable to John Handley High School.

Food and drink will not be permitted outside of the designated eating areas. Please note that all breakfast food and drink items are to be consumed in the cafeteria prior to Pride Time. Only water in clear containers will be permitted in classrooms.

Fast food and restaurant food deliveries and drop offs are not permitted. Students are not permitted to have guests for breakfast or lunch.

Special Deliveries

Flowers, balloons, food, and other gifts may cause a distraction and/or disruption to the learning environment and are not permitted. If dropped off or brought to school by a student, these items will be held in the Main Office until the end of the school day, in which may be picked up by the student as they exit the building.

Medication Administration

We attempt to discourage administration of medication during school hours and request whenever possible medication doses be scheduled other than school hours. We recognize that this is not always possible and will cooperate in administration of medication that must be given during school hours. Medications may be administered by the school nurse or designee during school hours provided the following conditions are met:

- It has been determined by the RN or designee that it is necessary or advisable that a medication be administered during the school day.
- A locked, secure storage space is provided for medications separate from health services supplies. Secondary school students are permitted to bring medication to school provided it is delivered to the school nurse at the beginning of the school day.
- There is a written permission signed by the parent/guardian requesting the RN or designee to administer the medication and giving the RN or designee permission to contact the physician/dentist should there be questions or concerns regarding the medications.
- Secondary students may self-administer medication in the clinic provided all of the above conditions are met.
- Discontinued or unused medications must be picked up by parent/guardian by the end of each school year. If not claimed by parent/guardian, the RN shall destroy the medication.

- Allergy desensitization injections shall not be given at school.
