Weekly Language Review – Q1:1

Date:

Monday	Tuesday	Wednesday	Thursday
Add an ending punctuation mark to the sentence below. What color do you think the Sun is	Add an ending punctuation mark to the sentence below. Most people think the Sun is yellow	Add an ending punctuation mark to the sentence below. The Sun is actually white, but it appears yellow from Earth	Add an ending punctuation mark to the sentence below. Wow, I can't believe it
Is it a COMPLETE or INCOMPLETE sentence? The color of a star	Correct the mistake. The hottest star's are blue.	Correct the mistake. White stars, like the sun, are cooler than blue stars.	Correct the mistake. Yesterday, I learn that red stars are the coolest stars in the sky.
Underline all the NOUNS. Stars create light and heat.	Underline all the NOUNS. Light from the Sun warms the Earth.	Underline all the NOUNS. The Sun is larger than all our planets and moons.	Underline all the NOUNS. Our Sun appears white to astronauts in space.
Choose the correct word. One million Earths/Earth's could fit in the Sun.	Which noun should be capitalized? The earth The planet The star	Write the contraction of the underlined words. From Earth, the Sun <u>does not</u> look white.	Which noun should be capitalized? The color The astronaut The sun
Underline the VERB. The Sun formed about 4.6 billion years ago.	Is the verb past, present, or future tense? The Sun formed about 4.6 billion years ago.	Underline the VERB. We will watch the sunrise tomorrow.	Is the verb past, present, or future tense? We will watch the sunrise tomorrow.
Is the underlined word an ADJECTIVE or ADVERB? The Sun is a <u>big</u> ball of super-hot gas.	Write an adjective that could describe a star. the _____ star	Is the underlined word an ADJECTIVE or ADVERB? Gases on the Sun burn <u>constantly</u> .	Write an adverb that could describe how a star shines. The star shines _____
Add -ing to these words. ride _____ chase _____ score _____	Add -ing to these words. run _____ flip _____ get _____	Add -ing to these words. pay _____ study _____ fly _____	How many syllables are in each word? tomorrow ____ color ____ Universe ____

Answer Key - Weekly Math Review - Q1:1

Monday	Tuesday	Wednesday	Thursday
Place Value Chart			
Thousands		Hundreds	
Tens		Ones	
What is the place value of the underlined digit? $1,42\mathbf{6}$ Ones	What is the place value of the underlined digit? $2,4\mathbf{3}8$ Tens	What is the place value of the underlined digit? $4,2\mathbf{8}9$ Hundreds	What is the place value of the underlined digit? $3,\mathbf{8}13$ Thousands
Write the number in expanded form. 47 $40+7$	Write the number in expanded form. 267 $200+60+7$	Write the number in expanded form. 418 $400+10+8$	Write the number in expanded form. 307 $300+7$
Circle the number with the GREATEST value. 24 83 42 67 83	Circle the number with the LEAST value. 24 83 42 67 24	Order the numbers from LEAST to GREATEST. 268 203 287 $203-268-287$	Order the numbers from GREATEST to LEAST. 375 329 403 $403-375-329$
Draw a number line from 0 to 100 (counting by 10's). Place the following digits on the number line in their correct location. 28, 37, 95, 77, 64, 8, 16, 51			
Write 5 equations where the sum is equal to 10. (ex. $10+0=10$) 1. $1+9=10$ 2. $2+8=10$ 3. $3+7=10$ 4. $4+6=10$ 5. $5+5=10$	Write 5 equations where the sum is equal to 9. 1. $1+8=9$ 2. $2+7=9$ 3. $3+6=9$ 4. $4+5=9$ 5. $9+0=9$	Write 5 equations where the sum is equal to 8. 1. $1+7=8$ 2. $2+6=8$ 3. $3+5=8$ 4. $4+4=8$ 5. $8+0=8$	Write 5 equations where the sum is equal to 15. 1. $1+14=15$ 2. $2+13=15$ 3. $3+12=15$ 4. $4+11=15$ 5. $5+10=15$
Find the Sum. $\begin{array}{r} 32 \\ +28 \\ \hline 60 \end{array}$	Find the Sum. $\begin{array}{r} 98 \\ +33 \\ \hline 131 \end{array}$	Find the Sum. $\begin{array}{r} 47 \\ +24 \\ \hline 71 \end{array}$	Find the Sum. $\begin{array}{r} 75 \\ +47 \\ \hline 122 \end{array}$
Find the Difference. $\begin{array}{r} 56 \\ -34 \\ \hline 22 \end{array}$	Find the Difference. $\begin{array}{r} 81 \\ -37 \\ \hline 44 \end{array}$	Find the Difference. $\begin{array}{r} 43 \\ -16 \\ \hline 27 \end{array}$	Find the Difference. $\begin{array}{r} 74 \\ -35 \\ \hline 39 \end{array}$
Is 33 closer to 30 or 40? 	Round 84 to the nearest ten. 	Round 128 to the nearest ten. 	Round 375 to the nearest ten.
Is 76 closer to 70 or 80? 	Round 47 to the nearest ten. 	Round 195 to the nearest ten. 	Round 644 to the nearest ten.

<p>Fill in the blank.</p> <p>A NOUN is a person, a place, or a thing.</p>	<p>Sort the Nouns.</p> <p>Hank Aaron, baseball, coach, bat, Wrigley Field, mitt, stadium</p> <table border="1"> <thead> <tr> <th>Person</th> <th>Place</th> <th>Thing</th> </tr> </thead> <tbody> <tr> <td>Hank Aaron</td> <td>Wrigley Field</td> <td>baseball</td> </tr> <tr> <td>coach</td> <td>stadium</td> <td>bat</td> </tr> <tr> <td></td> <td></td> <td>mitt</td> </tr> </tbody> </table>	Person	Place	Thing	Hank Aaron	Wrigley Field	baseball	coach	stadium	bat			mitt	<p>Fill in the blank.</p> <p>A PRONOUN takes the place of a noun.</p> <p>Write a pronoun in the box.</p> <p>I, he, it</p>	<p>Fill in the blank.</p> <p>A VERB is a word that expresses an action or state of being.</p> <p>Write a verb in the box.</p> <p>jump</p>
Person	Place	Thing													
Hank Aaron	Wrigley Field	baseball													
coach	stadium	bat													
		mitt													

3rd – 5th Grade

GREAT ACTIVITIES FOR TIME AT HOME

Use these **fun activities** to make the most of time at home with 3rd – 5th graders that boost their **reading, math, and critical thinking skills** and their **mental health**.

LET'S GO!

activity #1

Measurement Treasure Hunt. In grades 3 – 5, students are often focused on measurement. In school, “units” like inches and feet are measured with a ruler. For fun, we will use any household object as a “ruler” or tool to measure. It could be a pen, a spoon, a shoe, or something else. Help your child develop their measurement skills in this fun game where they will use a household item on a measurement treasure hunt.

To begin, ask your child to pick a household item that will be their fun “ruler.” Then, ask your child to find things that are 1, 5, 10, 15 or more units long in your living space. For example:

- Find something in our space that is five spoons long.
- Is there anything here that is 15 spoons long?
- What is the longest item in our living space?

activity #2

It's Storytime! Kids have great imaginations and creativity. In 3rd, 4th and 5th grade, students are reading and writing regularly. Each day you are home with your child, invite them to pick one of the following story starters, and encourage them to write a short story based on the prompt. Where will their imaginations go? As an option, once your child finishes their story, invite them to read it aloud to you and others to celebrate their creativity.

- If I were a superhero, my superpower would be ...
- On a cold day, one of my favorite things to do ...
- A long time ago, before I was born ...
- If I were president, I would ...
- What would happen if it really rained cats and dogs?
- If my favorite stuffed animal came to life ...
- What would happen if animals could talk?
- Imagine if cows gave green slime instead of milk. What would the world look like?
- What would the world be like if television was never invented?

3^{ro} - 5^{to} Grado

ACTIVIDADES PARA PASAR TIEMPO EN CASA

Ponga en práctica estas divertidas actividades para aprovechar al máximo el tiempo en casa para estudiantes de 3^{ro} - 5^{to} grado que mejorarán sus habilidades de **lectura**, **matemáticas** y **pensamiento crítico**, y su **salud mental**.

¡VÁMONOS!

actividad #1

Medición de la búsqueda del tesoro. En los grados 3 a 5, los estudiantes a menudo se centran en la medición. En la escuela, las “unidades” como pulgadas y pies se miden con una regla. Para divertirse, utilicen cualquier objeto doméstico como una “regla” o herramienta para medir. Podría ser un lapicero, un tenedor, un zapato u otra cosa. Ayude a su hijo a desarrollar sus habilidades de medición en este divertido juego en el que usarán un objeto doméstico en una búsqueda del tesoro de medición.

Para comenzar, pida a su hijo que elija un artículo para el hogar que sea su divertida “regla para medir”. Luego, pídale que encuentre cosas de 1, 5, 10, 15 o más unidades en su hogar. Por ejemplo:

• Encuentra algo en nuestra casa que tenga cinco cucharas de largo.

• ¿Hay algo aquí que tenga 15 cucharas de largo?

• ¿Cuál es la cosa más larga en nuestra casa?

actividad #2

¡Es hora del cuento! Los niños tienen una gran imaginación y creatividad. En 3^o, 4^o y 5^o grado, los estudiantes leen y escriben regularmente. Cada día que esté en casa con su hijo invítelo a elegir uno de los siguientes iniciadores de cuentos y anímelo a escribir un cuento corto basado en el iniciador. ¿A dónde irá su imaginación? Como opción, ya que haya terminado su historia, invítelo a leerla en voz alta para usted y otros para celebrar su creatividad.

• Si fuera un superhéroe, mi súper poder sería ...

• Durante un día frío, una de mis cosas favoritas para hacer ...

• Durante un día frío, una de mis cosas favoritas para hacer ...

• Si yo fuera presidente ...

• ¿Qué pasaría si realmente lloviera gatos y perros?

• Si mi animal de peluche favorito ...

• ¿Qué pasaría si los animales pudieran hablar?

• Imagínate si las vacas dieran plastilina verde en lugar de leche. ¿Cómo sería el mundo?

• ¿Cómo sería el mundo si la televisión nunca se hubiera inventado?
