Answer Key - Weekly Math Review - Q1:3

Monday	Tuesday	Wednesday	Thursday
Find the product. $54 \times 523 = \mathbf{28,242}$	Find the product. $76 \times 468 = \mathbf{35,568}$	Find the product. $12 \times 937 = \mathbf{11,244}$	Find the product. $76 \times 759 = \mathbf{57,684}$
Find the quotient. $12 \overline{) 672} = \mathbf{56}$	Find the quotient. $15 \overline{) 375} = \mathbf{25}$	Find the quotient. $8 \overline{) 288} = \mathbf{36}$	Find the quotient. $7 \overline{) 3,801} = \mathbf{543}$
Find the sum. $24.75 + 12.45 = \mathbf{37.20}$	Find the sum. $23.8 + 3.5 = \mathbf{27.3}$	Find the sum. $65.53 + 4.85 = \mathbf{70.38}$	Find the sum. $467.4 + 9.7 = \mathbf{477.1}$
Find the difference. $12.67 - 10.54 = \mathbf{2.13}$	Find the difference. $36.47 - 34.89 = \mathbf{1.58}$	Find the difference. $126.78 - 65.98 = \mathbf{60.8}$	Find the difference. $23.91 - 17.99 = \mathbf{5.92}$
<, >, or = $12.56 < 125.6$ $74.3 > 7.43$	<, >, or = $10.01 < 10.10$ $55.56 < 55.65$	<, >, or = $678.05 > 67.805$ $30.30 > 30.03$	<, >, or = $56.53 < 565.3$ $44.65 = 44.650$
Simplify each fraction. $\frac{4}{8} = \mathbf{\frac{1}{2}}$ $\frac{5}{20} = \mathbf{\frac{1}{4}}$	Simplify each fraction. $\frac{8}{24} = \mathbf{\frac{1}{3}}$ $\frac{3}{15} = \mathbf{\frac{1}{5}}$	Simplify each fraction. $\frac{9}{27} = \mathbf{\frac{1}{3}}$ $\frac{2}{22} = \mathbf{\frac{1}{11}}$	Simplify each fraction. $\frac{6}{30} = \mathbf{\frac{1}{5}}$ $\frac{7}{28} = \mathbf{\frac{1}{4}}$
Solve the expression. Use PEMDAS $(32 \div 4) + 3 = \mathbf{11}$	Solve the expression. Use PEMDAS $(4 + 5) \div 3 \times 4 = \mathbf{12}$	Solve the expression. Use PEMDAS $[3 \times (6 + 6)] - 2 = \mathbf{34}$	Solve the expression. Use PEMDAS $72 \div 9 + 4 \times 4 = \mathbf{24}$
What division problem does this model represent?  $24 \div 3 = \mathbf{8}$	What multiplication and division problem does this model represent? $12 \div 3 = 4$ $4 \times 3 = 12$ 	Draw a model to represent the following problem. $5 \times 3$	Draw a model to represent the following problem. $12 \div 6$
What is 43.78 in word form? <b>Forty three and seventy eight hundredths</b>	What is 78.6 in word form? <b>Seventy eight and six tenths</b>	What is 32.043 in expanded form? $3 \times 10 + 2 \times 1 + 4 \times (1/100) + 3 \times (1/1,000)$	What is 8.478 in expanded form? $8 \times 1 + 4 \times (1/10) + 7 \times (1/100) + 8 \times (1/1,000)$
Find the Product. $8 \times 8 = 64$ $9 \times 9 = 81$ $7 \times 8 = 56$ $6 \times 7 = 42$ $4 \times 8 = 32$ $7 \times 6 = 42$ $7 \times 7 = 49$ $9 \times 7 = 63$	Label the place value. <b>12,354.897</b> 2: thousands 4: ones 5: tens 8: tenths 9: hundredths 7: thousandths	Label the place value. <b>7,854.209</b> 2: tenths 0: hundredths 9: thousandths 4: ones 5: tens 7: thousands	Label the place value. <b>987,164.302</b> 0: hundredths 1: hundreds 4: ones 3: tenths 6: tens 9: hundred thousands

# My Work

Monday	Tuesday
Wednesday	Thursday

## My Progress

MONDAY Out of _____ questions, I got _____ correct.	TUESDAY Out of _____ questions, I got _____ correct.	WEDNESDAY Out of _____ questions, I got _____ correct.	THURSDAY Out of _____ questions, I got _____ correct.
--	---	---	--

A blank sheet of white paper with a vertical red margin line on the left side. The rest of the page is filled with horizontal black lines, creating a series of rows for writing. The lines are evenly spaced and extend across the width of the page.

## 5th Grade Choice Board for Reading/ ELA

### Writing

\*Use transitional words (first, second, then, next, lastly, after that, etc.) to write the order of what you do from the moment you wake up to the moment you go to bed. Do this for 5 days straight and see if there are any major changes to your schedule from day to day.

\*One day in the future, you will be talking to others about the Coronavirus. You are living history! Create a graphic organizer of at least 5 causes and 5 effects of the Coronavirus. Think about grocery stores, jobs, health, school, etc. *Challenge*-Explain what COVID19 means?

\*Alliteration-when a beginning sound is repeated for almost every word in a sentence or phrase. Ex- **H**ungry **H**arry **H**ippo **h**ad a **H**ot dog. Write a sentence using an alliteration for every letter in your first name and draw a picture of it. *Challenge*- Write sentences for your middle and last name too!

\*Go outside and write down at least 8 facts and 8 opinions you see, hear, smell or feel. Ex: Fact-The grass is wet from rain. Opinion-I think squirrels are the cutest animals in the world! Next, explain how you know it's a fact or opinion. For example: I can feel and see that the grass is wet. I can prove it. Some people may think dogs are the cutest animals in the world, so they don't agree with what someone else "thinks."

### Multimodal

\*Turn on closed caption while watching your favorite t.v. show.

\*Choose your favorite t.v. show. Is this show fiction or nonfiction? Depending on the genre, follow the expectations below. Once you have finished the requirements for your favorite t.v. show, follow the same guidelines for 2 different shows.

#### Fiction T.V. Show

- How do you know this show is fiction?
- What is the moral (or lesson) of the show? How can the moral be applied to your life?
- Choose one character and write 2-3 complete sentences about how the character changed from the beginning of the show to the end.
- If there was a climax in the show, what was it? Give 2-3 events that led up to the climax. What was the resolution of the story?

#### Nonfiction T.V. Show

- How do you know this show is nonfiction?
- Write at least 4 facts you learned from this t.v. show.

\*Pick 3-4 songs that are appropriate and have figurative language. Appropriate songs include the language and the meaning.

- For each song choose at least 5 examples of figurative language. Tell me what the artist is trying to say in those lines. For example: *You Belong to Me* by Taylor Swift. The figurative language I chose says "And you've got a smile that can light up this whole town." I know that someone's smile cannot literally light up a whole town. I believe she is trying to say that the person has a nice smile and that this person makes others happy.

## Reading

\*Read a piece of junk mail (ask your parents)

\*What is the author's purpose?

\*Write and answer 2 questions about the text.

\*Text Structure Scavenger Hunt- Read a variety of short texts around your house (directions, piece of mail, recipe, game directions) Try to find examples of each type of text structure listed in the chart.

Type of structure	Key words/ phrases
Cause/ Effect	if...then
Chronological	Today, meanwhile, finally
Problem/ Solution	Solve, the issue is, remedy
Compare/ Contrast	Similarly, on the other hand

\*Read a fiction story (or chapter)- Draw 2 characters from the story and describe how they are the same or different.

## Family Literacy Activities

\*Read a recipe and, with an adult, follow the directions! Don't forget to take a picture of your final creation.

\*Treasure Hunt-

Hide a "treasure" in the house or outside. Write a trail of clues that rhyme on small pieces of paper to lead your family on a hunt for the "treasure".

Example:

Clue 1- "Finding the first clue will be a treat! You'll find it where you get something to eat."

Continue until the last clue leads to the treasure.

\*Game Builder- Create your own game. Don't forget to write the rules/directions. Have your family play it with you!

This comprehension chart can be used with any story read or television show/movie watched.

## The 5 W's

<b>Who:</b> give me the person	<b>What:</b> give me the thing	<b>When:</b> give me the time	<b>Where:</b> give me the place	<b>Why:</b> give me the reason
