History of Frederick Douglass School

In the early 1920's the School Board leased Old Stone Presbyterian Church on Piccadilly Street to house classes for the black children of Winchester. The original Frederick Douglass School, containing eight classrooms, was erected in 1925. The construction costs of \$28,000 were funded by the Handley Board of Trustees.

From 1925 to 1951 Douglass housed students in grades six through eight. With the addition of a library, a gymnasium, a science room, and a shop, Douglass became a 12-grade school with an enrollment of approximately 350 students. Four more classrooms were added in 1963-64 at a cost of \$70,000, and the school, renamed Winchester Intermediate School, housed some sixth grade and all seventh grade students in the city. During the summer of 1974, the school was remodeled at a cost of \$98,000 and renamed Frederick Douglass Elementary School. Until June 1990 students in kindergarten through fifth grade comprised the school population.

Construction of a new elementary school was begun in March 1989 as the first phase of the Winchester City Schools Capital Improvement Program. Built at a cost of \$6,000,000, the school was constructed in the southern end of Winchester to accommodate the city's recent growth. In May 1990 the School Board voted to transfer the Frederick Douglass name to the new building. The new Frederick Douglass Elementary School received students for the first time on September 4, 1990. Since that time William Askew, John Penney, Ruth Ann Martin, and Nancy Lee have been principals. The current principal is Stephanie Downey.

Principal's Message to Parents

Dear Students and Parents/Guardians,

Welcome to the 2020-2021 school year!

Each year we publish the Student/Parent handbook and post it on our website in order to provide families with basic information about the school, its policies and procedures. Please read and discuss this information with the entire family. **Due to COVID-19 guidelines, many of our policies have changed for this year.**

At Frederick Douglass Elementary School, the staff, parents and students consistently promote the development of collaborative relationships in an effort to enhance the learning process. We look forward to open communication as we work to provide an exciting, challenging, stimulating and creative education for our students. We encourage each member of our school community to get involved. Remaining involved in your child's education is one way to ensure success. Please feel free to contact me to discuss an idea, problem, concern or challenge.

I look forward to the 2020-2021 school year with great hope and optimism. Join us as we learn, laugh, explore and grow. It's going to be a great year!

Sincerely,

Stephanie Downey
Principal

Growing Global Leaders in Language and Literacy

***Providing a rigorous, meaningful experience for our students
each day!***

At Frederick Douglass, we provide students with a diverse, challenging, experience where they develop a passion for lifelong learning. As a dual language school, our students receive half of their instruction in Spanish and half in English, which is both challenging and exciting for our learners. With a focus on Global education, our students also grow in their understanding of the diverse cultures and world issues as they learn personal responsibility. In our STEAM Lab, students engage in hands - on learning which requires problem solving, critical thinking and collaboration. Physical Education, Art, and Music classes provide students the opportunity to strengthen a variety of skills, including creativity, and perseverance.

The EAGLE PROGRAM at Frederick Douglass Elementary

EAGLE is the **Enrichment And Gifted Learning Experience** at FDES. The program allows students to remain at FDES and continue in the dual language program while receiving specialized instruction to meet the needs of the gifted learner.

What will specialized instruction in the EAGLE program look like on a daily basis?

- Your gifted learner will be grouped/clustered in a classroom with other gifted peers.(This has always been a part of the gifted model at FDES and is not new with the creation of EAGLE.)
- Project based, personalized learning will take place each day within the regular classroom. Your child will have a project that they work on individually or in a small group.
- Your gifted learner will receive small group, challenging, problem-based instruction twice a week. This will take place in the STEAM lab with intellectual peers. They will take material from this instruction back to the classroom.
- Your gifted learner will continue in the dual language program and remain on track to receive a state seal of Biliteracy upon graduation from high school.
- At least one personalized project will be based on biliteracy development and global competencies.
- Each quarter, your child will establish specific learning goals. He/she will meet with you, along with the classroom teacher and STEAM teacher to share progress toward the accomplishment of the goals.

Students who have been identified as gifted learners are eligible for the EAGLE program. Contact Principal Downey for more information.

GOOD SCHOOL ATTENDANCE

Perfect Attendance

Perfect attendance is defined as a student who has been in school every day. Tardies do not affect perfect attendance and excused partial day absences do not affect

the attainment of perfect attendance. **However, any time a student is not in school, even for an hour, valuable instructional time is missed.** Please contact the school at 540- 662-7656 to report the reason for your child's absence. If the school is not contacted, the absence will be unexcused.

Tardy

A student will be considered tardy in attendance if he/she arrives after the tardy bell at 7:50. Excessive tardiness may warrant a meeting to be scheduled with parents and principal or designee. **When your child is tardy, an adult must come into the office and sign the child in.**

Returning to School After Absent

If you have a doctor's note, please send it into your child's teacher the first day the student returns to school.

Dismissal

Changes in the end of the day transportation arrangements must be made prior to 2:00 p.m. Please be sure to call the office prior to 2:00 p.m. if there is a change in how your child will travel home. Students will not be permitted to remain at school after dismissal time unless they have permission from their parents and are participating in an activity supervised by an adult.

Leaving School During the Day

For your child's safety, a student will not be released from school for any reason unless a note from the parent has been sent or the parent has contacted the school. Students may not return home for forgotten items (books, lunch, gym shoes, etc.) without the permission of the principal.

School Schedule

The school doors open at 7:25; the instructional day begins at 7:50. Our tardy bell rings at 7:50 and it is expected that all students will be in their classroom at that time.
7:25 Building opens to bus students, car riders and walkers
7:50 Tardy bell

HEALTH AND MEDICAL REQUIREMENTS

Parents are advised that under the amended Code of Virginia, Section 22-220.2, no child will be admitted for the first time to any public school unless certification of a comprehensive physical examination is furnished. A physical examination must have been performed no earlier than twelve months prior to the date the pupil first enters a public kindergarten or elementary school. As part of the physical examination, certification must also be given that the child has been successfully immunized in accordance with the Commonwealth of Virginia minimum immunization requirements. Those families who do not have a family physician and wish to have an appointment at the Health Department should contact the school nurse.

Upon registering the child in the Winchester Public Schools, the parent should inform school officials of any medical or physical disability which might hamper the child's progress in school or pose a threat to the child's safety. As an added precaution, each year thereafter, the parent should inform the child's teacher of this problem and of any procedure which should be followed by the school if a problem arises.

In the interest of the child and others in the class, the school will contact the parents and send a child home:

- If the child has a fever. **The child should be kept at home for one full day after the temperature returns to normal.**
- If the child is vomiting.
- If the presence of a communicable disease is suspected.

It is imperative that parents give the school the phone number of a family member or friend who can be called in case of an emergency. Please keep all phone numbers and family member information up to date in the office.

MEDICATION

Regulations of the Administration of Medication During School Hours

School personnel, if authorized by the administrator, may assist pupils who must take prescribed medication during school hours.

General Policy

No pupil shall be given medication during school hours except upon the written request from a licensed physician who has the responsibility for the medical management of the pupil. All such requests must be signed by the parent or guardian. Medication should be brought to school by the parent/guardian and not the student.

Responsibility of the Parent or Guardian

- Parents and guardians shall be encouraged to cooperate with the physician to develop a schedule so that the necessity for taking medication at school will be minimized or eliminated.
- Parents or guardians will assume full responsibility for supplying all medications.
- Parents or guardians shall deliver or arrange delivery, by an adult, of any medication to be administered under the provisions of this policy.

Responsibility of the Physician

- A request form for each prescribed medication must be completed by the pupil's physician, signed by the parent or guardian, and filed with the school administrator.
- The container must be clearly labeled with the following information:
 - Pupil's full name
 - Physician's name
 - Name of medication
 - Dosage, schedule, and dose form, and
 - Date of expiration

Responsibility of the School Personnel

- The school administrator or designee will assume responsibility for placing medication in a locked cabinet.
- Pupils will be assisted with taking medications according to the physician's instructions, and the procedure observed and recorded by a designated school staff member.
- All discontinued and unused medications that are unclaimed will be destroyed by the school at the end of the school year.

FDES HAPPY BIRTHDAY POLICY

Due to COVID-19 families may not send in special treats or food of any kind.
Birthday cupcakes and cookies will not be allowed.

BREAKFAST AND LUNCH PROGRAMS

Both breakfast and lunch are served at FDES. Breakfast will be served as a grab and go bag when students arrive in the morning. Students will take their breakfast to their classrooms to eat. Lunch will also be served and eaten in the classroom due to COVID-19 restrictions.

This year Winchester Public Schools is participating in the CEP program which allows **all elementary age students to receive a free breakfast and lunch daily**. No application is required and parents are encouraged to take advantage of this program. Please note the prices of breakfast and lunch are still listed below. This is because the CEP program is only available to students in grades Prek-4. If you have a child that is in grades 5-12, those students will still need to qualify for free breakfast and lunch, and a new application will need to be turned in to their school at the beginning of the school year.

Menus:

School menus are announced on the local cable channel and are sent home with students at the beginning of each month. They are also located on the WPS website at www.wps.k12.va.us.

*Frederick Douglass Elementary participates in the Governor's Nutrition and Physical Activity Awards Program. As a participant in this program we **strongly** discourage soft drinks in school lunches for our students. We appreciate the support of our families as we work toward developing healthy students.*

Cafeteria Conduct

In the cafeteria, students must remember to follow these rules in order to set good examples for others

- Get everything you need before you sit down
- Raise your hand if you need extra help
- Use good table manners while eating, and keep your area clean.
- Demonstrate Panda PRIDE (*patience, respect, integrity, determination, excellence*)

Parents visiting at Lunch Time: Due to COVID-19 restrictions, no guests will be allowed to come to school to eat lunch with a student. Visitors are permitted in the office, but not in the rest of the building.

OTHER FREDERICK DOUGLASS POLICIES

Bicycles

If a student wants permission to ride a bicycle to school, the parent must contact the principal in writing. The parent notification will be kept on file in the office. Students who ride bicycles to school are required to have a lock for the bicycle and are required to secure it during school hours. The school will not be responsible for the property before, during or after school hours.

Sale of Items at School

The School Board forbids the sale of items by students at school and prohibits school sponsored house-to-house sales by students.

School Mascot and Colors

The FDES mascot is a loveable panda bear. The school colors are black, white, and green. We encourage our students to identify with these symbols as a representation of our school spirit and Panda PRIDE: Patience, Respect, Integrity, Determination, and Excellence.

School Entrance

All doors to our school are locked in order to ensure security of the building. Anyone wishing to enter the building must do so through the front doors. Using the intercom system, a school employee will unlock the doors once the identity and purpose of each visitor has been established.

Identification Badges

All visitors are required to go to the office when entering the school. Due to COVID-19 restrictions, visitors are only permitted in the office, not in the rest of the building. A driver's license or valid ID is required to be shown on your first visit to the school. Before exiting the building, the visitor must sign out in the office using the badge that was issued. It is important that our office staff knows who is in the building at all times. This helps to ensure the safety of our students and staff. Thank you for your cooperation in this matter.

Car Rider Policy

Adults picking up students at dismissal will be required to have the car tag with the student's name and grade level, posted in a location that is visible to FDES staff. This will serve as verification that each child is being turned over to a familiar and trusted adult. If the car tag is not visible, the driver must come to the office and

show identification prior to picking up the student. No child will be dismissed without a name tag. NO EXCEPTIONS!

Walking Students to Class

Due to COVID-19 restrictions, parents may not walk students to the classroom in the morning.

Parent Participation

Participation in certain school activities by a non-custodial parent (HB2147) provides that unless a court order has been issued to the contrary, non-custodial parents of students enrolled in public schools or daycare centers, shall not be denied the opportunity to participate in activities, such as parent-teacher conferences, for which parental participation has been encouraged by school policy. The custodial parent is responsible for providing the court order, if one exists, to the public school.

Crisis Plans

All Winchester Public Schools have crisis intervention plans. These plans are designed to meet the needs of each individual school. The plans focus on the safety of the children during various possible threatening situations. As with fire drills, these crisis plans will be practiced throughout the school year. We do not anticipate any threatening situations in or outside of the building, however if one does arise, we have very specific plans in place to protect students. If you wish to discuss this further, please contact Mrs. Downey.

Student Protection

In order to protect our students, we ask that parents/guardians not take any pictures of other students. This includes during field trips, when volunteering in classrooms, or during after school events.

Distribution of Non-School Publications

Distribution within the school of non-school publications (materials not purchased or approved by the School Board for use for instructional purposes) is restricted. Such materials must have prior written approval of the Superintendent of Schools before they may be distributed at school.

Dress Code

Together, staff and parents share the responsibility for determining appropriate school dress. School clothing should be appropriate for the weather and school activities. Students should not be dressed in any clothing that compromises safety or modesty or interferes with the educational process. Students are not to wear articles of clothing that have language or pictures that are sexually suggestive, offensive or degrading to others, or that carry messages of drugs, alcohol or violence. Pants are to be worn at the waistline and shirts and tops must meet the waistline and not reveal bare midriff. Shorts are acceptable only if their length is equal to or longer than the student's fingertips when arms are relaxed at sides.

Tennis shoes are expected to be worn on physical education days.

The school reserves the right to provide students with alternatives if the clothing worn to school is deemed inappropriate by administration.

Items Necessary for School

Students should bring to school only items that are necessary for school. ***Items not necessary for school should be left home.*** This includes items such as, electronic games, trading cards, and other toys. Knives and other potentially dangerous objects as well as glass containers are not allowed in school. Any items that distract from instruction will be taken to the office. Parents will be contacted to come to school and pick up items that have been taken.

Homework

The benefits of homework for young students are very minimal, according to research. (Cooper, [1989](#); Cooper et al., [2006](#); Marzano & Pickering, [2007](#)). A more effective use of time for young learners is nightly reading, especially when the time is spent reading with a loved one.

At FDES, students will receive very limited amounts of written homework, but will be expected to read, either by themselves or with a loved one, every night. Reading at home will be the nightly homework expectation for all students.

When written homework is assigned, it will be aligned with the following guidelines:

- Appropriate for the specific standards at each grade level
- Reasonable in length

- Directly related to classroom work
- Well defined in advance by the teacher
- Understood by the students
- Reviewed by the teacher and student
- Positive in nature

Change of Address or Telephone

It is essential that parent/student address and telephone information be accurate and up to date in the office. Please notify the school immediately if you have a change of address or telephone number during the school year.

Report Cards and Conferences

The school year for all students is divided into four report card periods. The first and third 9 week periods involve a required parent/teacher conference that is conducted in a student led format. Conferences are scheduled to discuss the progress of students and their report cards are given to parents at that time. The school system places great emphasis on the importance of conferencing at all levels. Every effort should be made to attend these conferences. At the end of the second and fourth report periods, report cards are sent home. Dates of the report periods are listed on the school calendar. Conferences may be requested by parents, teachers or the principal whenever the need arises. Communication between home and school helps ensure a consistent environment for the child.

Standards of Learning

All Standards of Learning can be found on the Virginia Department of Education website – www.doe.virginia.gov. If you do not have access to this website, you are welcome to contact the office.

INCLEMENT WEATHER PLANS

In the event of bad weather (snow, ice, etc.) the Winchester City Schools will do one of three things: (1) close schools, (2) open schools late (delayed opening), (3) dismiss early:

1. School Closing – On any morning when ice or snow has fallen, listen for announcements concerning school closings on all local radio stations, television channels NBC4 Washington, WJLA ABC7, WUSA9, WHSV TV-3 Harrisonburg, or the Winchester Public Schools website (www.wps.k12.va.us) or instant alert.

2. Delayed Opening – In situations where the Superintendent feels that road conditions may change sufficiently to make travel safe later in the morning, he will announce a delayed opening. This may be a delay of **one or two hours**. Please note the following schedules:

A. One (1) Hour Delay

- Bus schedules are followed exactly one hour later than normal.
- Regular afternoon dismissal times remain unchanged.
- Breakfast and lunch will be served.

B. Two (2) Hour Delay

- Bus schedules are followed exactly two hours later than normal.
- Regular afternoon dismissal times remain unchanged.
- A Grab and Go breakfast will be available for students.
- Lunch will be served.

3. Early Dismissal – If weather conditions grow steadily worse during the school day, the Superintendent may close the schools early. If conditions are severe early in the day, a 1:00 dismissal is likely. If the conditions are not serious by mid-morning, but get worse as the day progresses, children will be dismissed as early in the afternoon as the buses can arrive.

Again, please listen to the radio if it is likely that weather conditions could cause transportation problems for the City Schools. **Please be sure that you have informed the office and your child's teacher of dismissal procedures in the event of an early dismissal.**

Possession of Beepers, Cellular Phones or Similar Devices:

Students may bring a cell phone to school only if it remains in their backpack during the school day. If the child has the cell phone out during instructional time, it may be confiscated and need to be picked up in the office by the parent.

Sexual Harassment

The following is the condensed sexual harassment policy that has been approved by the School Board for our school system. If you have any questions, please contact Stephanie Downey, Principal.

General:

It is the policy of Winchester Public Schools to maintain a working and learning environment for all its students which provides for fair and equitable treatment, including freedom from sexual harassment. It is prohibited for any employee or student, male or female, to harass a student by making unwelcome sexual advances or requests for sexual favors, or engaging in other verbal or physical conduct of a sexual nature.

Complaint Procedure

Any student who believes that he or she has been subjected to sexual harassment should file a written complaint of the alleged act immediately to the Title IX compliance officer of the Winchester Public Schools. The written complaint should state in detail the basis for the complaint, the names of the persons involved, and the dates of any specific incidents.

Alert Now Program

The WPS initiated an “Alert Now” program which provides notification of both non-emergency and emergency situations happening at school.

All parents are expected to sign up for this program. Notification is given to parents by cellphone, voice message, home phone or email. This is determined by parents’ preference as they sign up for the program. All parents are highly encouraged to go to the website <http://www.wps.k12.va.us> and register. If you have any questions, contact our office at 662-7656.

Guidance and Counseling Services

Our school counselor at Frederick Douglass Elementary School is Amy Zimmerman. Mrs. Zimmerman is a licensed professional counselor with national certification. Mrs. Zimmerman offers a variety of counseling services in meeting the Virginia Board of Education counseling standards.

The nature of the school counseling program is to offer brief/solution focused counseling services to address the academic, career, and personal/social needs of students as they relate to academic success. School counseling services are not designed to be therapeutic. If at any time you feel like your child requires counseling services beyond what is provided at school, please contact Mrs. Zimmerman for a list of private practice options.

School counseling activities for students may include classroom guidance lessons, small group counseling opportunities as well as one on one counseling sessions. Students may be referred for counseling services by parents, teachers, administrators, or by self-referring.

Mrs. Zimmerman also teaches classroom lessons to all FDES classrooms throughout the year. Classroom lessons focus on social skills in relating to self and others, as well as exploring the world of careers and developing good study habits. Small counseling groups may focus on self-awareness issues, peer relations, coping with loss and grief, anger management and issues of self-control, decision making and problem solving skills.

Parents are always welcome to stop by the counseling office and discuss counseling services or review materials. An appointment can also be made by calling the school counseling office number: 723-6676.

Acceptable Computer System Use

Winchester Public Schools provides a variety of educational technologies including computer hardware, software, networked and internet-based resources and communication links for the use of students only as an integral part of the instructional program. Students are responsible for the appropriate use of these resources. All policies and regulations of Winchester Public Schools governing student conduct shall apply when students are using educational technology. The use of this technology for any improper or illegal activity is prohibited. The complete Acceptable Use Policy IIBEA is available for review on our website, www.wps.k12.va.us, or from the school's office.

I. Purpose - The School Board supports the use of technology for purposes of educational research, communication, and instruction, and to provide access to unique resources and opportunities for collaborative work. In furtherance of its approved curriculum, the School Board provides a Computer System, which includes the Internet, the use of which must be consistent with this Policy, the educational objectives and work climate of Winchester Public Schools ("WPS" or the "Division") and other School Board policies, regulations, and directives.

The term Computer System includes, but is not limited to, hardware, software, data, communication lines and devices, display devices, printers, CD/DVD and other media devices, flash drives, servers, mainframe and personal computers, tablets, laptops, cellular and network phones, including smart phones, the Internet and all other electronic services and internal or external networks (the Computer System"). All use of the Computer System must be for educational purposes or legitimate school business. The Computer System is not a public forum and is not intended to be a forum; its purpose is to advance the Division's communications, curriculum, and work. This Policy applies to all users of the Computer System. By using or accessing the Computer System, the user agrees to abide by this Policy.

Winchester Public Schools established and manage an instance of G Suite for Education, a set of free productivity tools for classroom collaboration provided by Google, and utilize additional services with the G Suite for Education platform as deemed appropriate and that support education purposes at Winchester Public Schools.

Use of the Computer System is a privilege, not a right, and can be withdrawn by the Division at any time, with or without prior notice. Any communication or material generated using the Computer System, including without limitation electronic mail, social media posts, instant or text messages, and other files, may be monitored, read, and/or archived by school officials without prior notice, reason, or permission, even if the communication or material was deleted from a user's account.

II. In General

A. The Computer System shall be used as follows:

1. The Computer System must be used for either an educational purpose or for legitimate school business. The term "educational purpose" includes, without limitation, use of the Computer System for class assignments; instruction, including the development and preparation of lessons and assignments; professional or career development; and otherwise in furtherance of the School Board's vision, mission, approved curriculum and other educational objectives.

2. The Computer System may not be used for commercial purposes. The term "commercial purposes" includes, without limitation, use of the Computer System for the purpose of promoting or soliciting the sale of an item or the promotion or solicitation of a service that does not have an educational purpose or is not for legitimate school business; purchasing personal, family, or household items; to obtain a monetary or personal gain; to solicit membership in or support of any non-school sponsored organization; or to raise funds for any non-school sponsored purpose, whether profit or non-profit. No staff member shall knowingly provide names, e-mail addresses, or other personal information to outside parties whose intent is to communicate with staff, students and/or their families for non-school purposes.

3. The Computer System may not be used for political lobbying or campaigning. This activity includes, without limitation, sending e-mails or making web postings or advertisements that advocate support for a particular political position or candidate; however, nothing in this Policy shall be construed to limit staff and students from using the Computer System to communicate with their elected representatives and to express their opinion on political issues for educational purposes.

B. The following definitions apply to this Policy:

1. The term "staff" or "staff member" is defined to include all School Board employees, including without limitation all administrators, counselors, teachers, coaches, employees of virtual school programs (to include but not be limited to distance learning, on line programs) and vendors providing instructional services to students, as well as all student teachers, interns and practicum students, volunteers and community members.

2. The term "immediately" is defined as reporting a situation that may constitute a violation of this Policy within twenty-four hours of the first suspicion of the violation.

III. Areas of Responsibility - Staff and students must comply with, and are responsible for monitoring, enforcing, and reporting infractions of this Policy as follows:

A. Central office managers (i.e., department supervisors and directors) and building principals and other school-based administrators shall be responsible for ensuring that this Policy is followed.

B. The Director of Technology will serve as the coordinator to oversee the Computer System and will work with other local, regional, or state organizations as necessary. All purchases of hardware, software, on-line resources, and other services must be evaluated and approved beforehand by the Director of Technology or designee.

C. The building principal or designee will serve as the building-level coordinator for the Computer System and will support the building-level activities and Computer System, ensure that staff receives training pursuant to this Policy, maintain student permission data, ensure that students receive training pursuant to this Policy, and be responsible for implementing and interpreting this Policy at the building level.

D. Teachers shall be responsible for guiding and monitoring student use of the Computer System.

E. Students shall be responsible for adhering to this Policy and using the Computer System for assignments directly related to the curriculum.

F. Parents and guardians shall be responsible for ensuring that their child(ren) adhere to this Policy and use the Computer System for curriculum related assignments.

IV. Internet Safety

A. Content Filtering. Pursuant to the federal Children's Internet Protection Act, 47 U.S.C. § 254, and Va. Code § 22.1-70.2, the Division shall select and implement a technology protection measure to filter or block Internet access, for both adult and minor users, through the Computer System, to material unrelated to the Division's educational vision, mission, and approved curriculum, and to:

1. Pornography, including child pornography, as defined by 18 U.S.C. § 2256 and Va. Code § 18.2-374.1:1;

Any electronic or online communications by staff with other staff, students and parents must be transparent, accessible to supervisors and parents, and professional in content and tone.

X. Review. The School Board will review and amend, if necessary, this Policy every two years.

Attendance

The importance of regular school attendance cannot be over emphasized. It is not surprising that students with good attendance achieve at much higher levels, enjoy school more and develop habits of punctuality, self-discipline, and responsibility. All of these will serve an individual well as he/she continues through school and into the world of work.

It is the primary and legal responsibility of parents to see that the children are regular and prompt in their school attendance. We request that any time your child must be absent from school, please call the school on the day of the absence and advise the school that your child will not be in attendance that day. The call should contain the date(s) of the absence and the cause. If your child is absent and you have not called the school to advise them of the absence, school officials will attempt to contact you by

telephone to verify your knowledge and support of the absence. Virginia law requires that if a student has been absent five days during the school year without the knowledge and support of the parent, a conference will be scheduled with the parent, student and school principal so that the principal might explain the consequences of continued unexcused absence. A plan will be developed to improve attendance and if attendance improves, no further action will be necessary.

Should absences continue, the school system may proceed legally to cause the student to attend school regularly. Such action may include a request to the juvenile and domestic relations court for a petition for the student as a child in need of services or a warrant against the parent for violation of compulsory attendance laws.

1. Student Attendance Policy

Student attendance is a cooperative effort and the School Board shall involve parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age shall be responsible for such child's regular and punctual attendance at school as required under provisions of the law; therefore, the parent/guardian or person having control or charge of a child (hereafter referred to as parent/guardian) shall make a reasonable attempt to contact the school on the day of absence.

A reasonable effort shall be made to contact a parent/guardian of each absent student every day, and to obtain an explanation for the student's absence. Where there is no indication that the student's parent/guardian is aware of and supports the absence, the absence shall be recorded as unexcused.

The Principal or designee will determine whether an absence is excused. Unexcused absences shall be handled according to regulations issued by the Superintendent.

The superintendent's regulations will include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations will ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which he or she missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless otherwise excused. Secondary students shall be scheduled for a full school day unless they are enrolled in a cooperative workstudy program. All other exceptions to a full day schedule must be approved on an individual basis by the Superintendent or designee.

2. Compulsory Attendance Procedures

A. Upon Fifth Absence Without Parental Awareness and Support

If (1) a student fails to report to school for a total of five (5) scheduled school days for the school year, and (2) there is no indication that the student's parent is aware of and supports the absence; and (3) reasonable efforts to notify the parent of the absences have failed, then the Principal or designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person or through telephone conversation by the Student Support Specialist to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or his/her designee or Student Support Specialist, the pupil, and the pupil's parent(s) shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Sixth Absence Without Parental Awareness and Support

If the pupil is absent an additional day after direct contact with the pupil's parent(s) and the Student Support Specialist has received no indication that the pupil's parent(s) is aware of and supports the pupil's absence, the Student Support Specialist shall schedule a conference within ten (10) school days, which must take place no later than the fifteenth school day after the sixth absence. At the conference, the pupil, his/her parent(s), and school personnel, shall meet to resolve issues related to the pupil's nonattendance. Other community service providers may also be included in the conference.

C. Upon Additional Absence Without Parental Awareness and Support

Upon the next absence after the conference without indication to the Student Support Specialist that the pupil's parent(s) is aware of and supports the pupil's absence, the Principal or designee shall notify the Superintendent or designee who shall enforce the compulsory attendance rules by either or both of the following:

1. Filing a complaint with the juvenile and domestic relations court alleging the pupil is a child in need of supervision as defined in § 16.1-228; or
2. Instituting proceedings against the parent(s) pursuant to § 18.2-371 or § 22.1262.

In filing a complaint against the student, the Student Support Specialist shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parent/guardian have joint physical custody of the student and the school has notice of the custody arrangement, then both parents/guardian shall be notified at their last known addresses.

D. Parental Cooperation in Remediating Excessive Absences

It is expected that parents/guardians will cooperate with school officials to remedy the student's attendance problem. Where direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remediating the student's attendance problem, the Superintendent or designee may seek immediate compliance with the compulsory school attendance laws (§§ 22.1-254 or 22.1-258). The designee, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of § 22.1-258, the Attendance Officer shall document the school division's compliance with this Code section.

3. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

4. Attendance Reporting

Student attendance shall be monitored and reported as required by state law and regulations. At the end of each school year, each public school principal shall report to the Superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part 2 (B) above. The Superintendent shall compile this information and provide it annually to the Director of Elementary Education and the Director of Secondary Education.

5. Dismissal Precautions

Principals shall not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students shall be released only on request and authorization of the parent/guardian. The Superintendent shall provide procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden

of proof on the authority of the person to receive the student is on the requesting party. A formal checkout system shall be maintained in each school.

Absences: Excused and Unexcused

1. Absences from school are recorded as either excused or unexcused. Excused absences are as follows:
 - a. Absences due to illness.
 - b. Absences approved by a physician or the school nurse.
 - c. Absences due to religious holidays.
 - d. Absences due to a death in the immediate family.
 - e. Absences (prearranged) for other reasons, which are approved in advance by the school principal or designee.

2. All other absences are considered unexcused unless there is a determination of extenuating circumstances.

3. Students in attendance on school sponsored or school related field trips or a school activity held off campus and properly approved by the school administration will be counted present.

Tardy

An elementary school student will be considered tardy in attendance if he/she is late in arriving at school at the designated time. The following procedure applies to the elementary schools:

The tardy bell rings at 7:50 a.m. If a student arrives to school late, then a parent/guardian must accompany him/her to the office to be signed in.

1st Tardy Free

2nd-4th Tardies Warning-reminders by front office staff to attend school on time

5th Tardy A letter will be sent home informing the parent/guardian that the student has accumulated 5 tardies.

10th Tardy A meeting will be required with the Student Support Specialist and the parent/guardian to develop a plan to improve the student's tardiness to school.

15 + Tardies Meetings with the Student Support Specialist, Principal, School Counselor and/or other designated school personnel may be required to continue to assist in improving the student's tardiness to school.

If excessive tardies continue then the following could occur:

1. Tardies may be referred to an administrator for disciplinary action.

2. If a student is on a school zone variance, that variance can be revoked due to excessive tardies or absences.
3. If a student has moved out of the city during a school semester the student may continue in attendance without payment of tuition until the end of the semester. In the event of excessive absences, tardies, and/or discipline issues the administration may review this privilege on a case by case basis.

Truancy

A student will be considered truant when there is no indication that the student’s parent/guardian is aware of and supports the absence. The absence will be recorded unexcused. .

Administrative Response to Chronic Absenteeism

The school principal or designee is responsible for reviewing attendance records and identifying students with chronic attendance problems marked by excessive absenteeism and/or tardiness.

Regular attendance is the responsibility of the school, student, and parent/guardian. Below is a table outlining the responsibility of each party to ensure regular attendance.

Boundaries Policy - GM

MAINTAINING PROFESSIONAL STAFF/STUDENT BOUNDARIES -

Winchester Public Schools ("WPS" or the "Division") provides its students with a safe and supportive learning environment and protects its students from sexual misconduct and abuse. The responsibility to protect students from sexual misconduct and abuse is shared by the Winchester Public School Board ("School Board"), Superintendent, administrators, teachers, other School Board employees, volunteers, parents, state agencies and law enforcement.

Although the Division has dedicated, professional staff members, it is important to be certain that proper boundaries between staff members and students are maintained at all times in order to ensure respect for the ethical and legal duties in the staff/student relationship and the essential duty of a staff member to serve as a role model to the student. In doing so, staff members will demonstrate a focus on job duties, a commitment to promote educational purposes, and an unconditional dedication to professionalism in conduct and interactions with students.

For the purposes of this Policy, a "staff member" is defined to include all School Board employees, including without limitation all administrators, counselors, teachers, nurses, student support specialists, support staff, coaches, employees of virtual school programs (to include but not be limited to distance learning, on line programs) and vendors providing instructional services to students, as well as all student teachers, interns, practicum students, volunteers and community members. In addition, the term "immediately" is defined as reporting a situation that may constitute a violation of this Policy, including without limitation an appearance of impropriety, within 24 hours of the first suspicion of the violation.

All staff members are to maintain a professional, moral, and ethical relationship in their conduct with students and shall serve as role models for students at all times, whether on or off School property, both during and outside of school hours. The Division encourages healthy relationships between students and staff members that promote student achievement and success. At the same time, clear and reasonable boundaries for interactions between students and staff members are necessary to protect students from sexual misconduct and abuse and to protect staff members from misunderstandings and false accusations.

All staff members have a responsibility to provide an atmosphere conducive to learning through consistent and fairly applied discipline and the maintenance of professional physical and emotional boundaries with students. These boundaries shall be maintained regardless of the student's age, the perceived consensual nature of the relationship or activity, the location of the activity, and whether the staff member directly supervises the student. For staff members whose children are students of WPS, this policy is not intended to violate or otherwise intrude upon the usual parent/child relationship.

Personal contact between students and staff members must always be professional, non-sexual, appropriate to the circumstances, and unambiguous in meaning. A boundary invasion is an act, omission, or pattern of behavior by a staff member that does not have an educational purpose and either abuses or compromises

the staff/student professional relationship or has the potential to abuse or compromise the staff/student professional relationship.

Unacceptable Conduct

Examples of boundary invasions by staff members include but are not limited to the following:

- Any type of inappropriate physical contact with a student or any other conduct that might be considered harassment under Policies GBA/JFHA Prohibition Against Harassment and Retaliation.
- Showing inappropriate images to a student, including pornography;
- Dating a student, or discussing or planning a future romantic or sexual relationship with a student;
- Making sexual advances toward a student;
- A flirtatious, romantic or sexual relationship with a student;
- Unnecessarily invading a student's personal privacy;
- Singling out a particular student or students for personal attention and friendship beyond the professional staff/student relationship;
- Socializing where students are consuming alcohol, drugs or tobacco;
- Providing or offering to provide alcohol, drugs or tobacco to students;

English Learners (EL)

The Winchester Schools' English Learners (EL) program serves over 700 students in grades K-12. The program emphasizes both English language proficiency and core area academics. Students in the elementary grades receive instruction in both regular and EL classrooms. At the secondary level, both sheltered and inclusion classes are offered according to the students' level of English proficiency.

The School Board will, not later than 30 days after the beginning of the school year, inform a parent or the parents of a limited English proficient child identified for participation in, or participating in, a program for limited English proficient students of

- the reasons for the identification of their child as limited English proficient and in need of placement in a language instruction education program;

- the child’s level of English proficiency, how that level was assessed, and the status of the child’s academic achievement;
- the method of instruction used in the program in which their child is, or will be, participating, and the methods of instruction used in other available programs, including how such programs differ in content, instruction goals, and use of English and a native language in instruction;
- how the program in which their child is, or will be participating will meet the educational strengths and needs of the child;
- how such program will specifically help their child learn English, and meet age appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for such program, the expected rate of transition from such program into classrooms that are not tailored for limited English proficient children, and the expected rate of graduation from secondary school for such program;
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child; and
- information pertaining to parental rights that includes written guidance
 - detailing the right that parents have to have their child immediately removed from such program upon their request and the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available, and
 - assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the school division.

Graduation Requirements

Four of the diploma programs that are offered to meet the goals of the individual student are the Advanced Studies Diploma, Advanced Technical Diploma, the Standard Diploma, and the Standard Technical Diploma. The Modified Standard Diploma and the Individual Education Plan Program of Studies are for students with Individual Education Plans (IEP).

To graduate from high school all students must:

(1) a) Schedule and pass a minimum of 22 units of credit in grades nine through twelve for a Standard Diploma. An Advanced Studies Diploma requires 24 credits. Seniors are required to schedule a MINIMUM of six (6) units of credit each year. Freshman, sophomores and juniors are required to schedule eight (8) units of credit each year. Transfer students will have their records evaluated to see whether the 24 credits and course requirements apply to them. We will follow state guidelines.

b) Have at least six verified credits for a STANDARD REGULAR or TECHNICAL DIPLOMA, or nine verified credits for an ADVANCED STUDIES DIPLOMA and an ADVANCED TECHNICAL DIPLOMA. VERIFIED CREDITS mean that the student passed the state required Standards of Learning (SOL) test in addition to passing the course. VERIFIED credits are earned in the following courses: English 11, US History, World History I & II, Algebra I & II, Geometry, Chemistry, Biology, and Earth Science. (2) Pass the required subjects for the diploma program they pursue. High school credit is given for high school subjects taken in the eighth grade (i.e. Algebra 1 or the first year of a foreign language).

(3) Have a job-entry skill OR be prepared to attend college.

Students with disabilities who have an IEP and who fail to meet the requirements for a standard or advanced studies diploma have a right to a free and appropriate education to age 21.

Gifted Program

The Winchester Public Schools EXCEL Program (emphasizing: Excellence, Creativity, “En”dividuality, and Leadership) offers a continuum of services and options which provide appropriate learning pathways for gifted students. Learning opportunities are designed to be open-ended so that they may be tailored to the talents and interests of students.

The goal is to engage students in comprehensive study for which the rate of learning, the content, and high level processing skills are adjusted to provide a program commensurate with the needs of each intellectually gifted student. To ensure successful learning for all children, Winchester Public Schools affirm the need and the right of each child to appropriate and equitable educational experiences of consistently high quality.

Identification at all levels is based on multiple criteria which focus on a variety of information sources concerning potential candidates for services. Careful review of the many perspectives of each child ensures identification that draws from all segments of the population and provides a diverse gifted community in which interaction and exchange have heightened and enriched meaning. Referrals and screening of students for gifted services occur in September (students new to WPS) and Feb/March. Any of the following discrete sources may place students in the referral process for EXCEL services: referral by parent, professional school staff, community member or student. The division gifted instructional specialists may be contacted for procedures and forms.

Gifted students are identified with specific aptitudes in the academic areas of mathematics and/or English, as demonstrated by advanced skills, performance and

creative expression in those areas. Students identified for gifted services at the elementary level (K-4) are cluster grouped in classes with teachers who have received specialized training in gifted education. Students receive differentiated classroom instruction, acceleration and enrichment linked to the regular curriculum and additional research opportunities. In grades 3 and 4, students may apply for admission to a center-based program, A.C.E. (Accelerated Curriculum through Enrichment), which offers an integrated model of language arts, science, and math and exposure to content and concepts beyond the general education curriculum.

Middle school students (5-8) are provided sequential differentiated instruction within the regular classroom. Services may include: acceleration (content or grade level), cluster/flexible grouping, independent study, compaction, or enrichment. Course electives and pull-out seminars are designed to challenge the ability of the highly committed gifted child and are offered several times a year to all middle school EXCEL students. Gifted middle school students are also afforded an opportunity each year to apply for admission into the summer regional Blue Ridge Environmental Governor's School.

Students in grades 9-12 are provided with subject area options and advanced placement courses. Services can include any of the following: opportunities to develop higher level thinking skills, independent study, curriculum differentiation, acceleration, compacting, enrichment activities within the student's aptitude area(s), and an opportunity for admission into the regional Mountain Vista Governor's School.

Parents are notified about the counseling programs which are available to students within the school division. Parents shall be advised concerning the purpose and general description of the programs, information regarding ways parents may review materials to be used in guidance and counseling programs at their child's school and information about the procedures by which parents may limit their child's participation in such programs.

In providing such services, the School Board consults and cooperates with the Virginia Employment Commission, the Department of Labor and Industry, local business, labor organizations, and career schools.

The interrogation of students by law enforcement officers regarding acts committed beyond school jurisdiction shall be held outside of the school day and off school property whenever possible. B. A school board shall provide opportunities for parental and community involvement in every school in the school division.

Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.

D. 2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G2. Promotion/Retention

The Winchester School Board believes in an academic program that sets “high expectations” and continuous growth for all its students. We believe that continuous academic growth and improvement are achieved through focused academic instruction. The foundation of this philosophy is based on the Instructional Goals and Objectives (IA) and Effective Schools correlate of “time.” Through focused remediation, increased length of the school day, and extended learning opportunities (e.g. summer school academy) more time for learning will be provided to meet the needs of all students as they progress toward high school graduation. Consequently there will be an increase in the number of high school graduates, number of post-secondary education graduates, and number of career certifications earned.

Teachers will confer with the parents/guardians of a child making unsatisfactory progress as soon as problems arise and will develop plans to help the child reach an acceptable level of performance. Ongoing communication should be maintained between the teacher and the parents/guardians to assure that intervention procedures are being employed to assist the child in attaining vital academic skills.

When a teacher has reason to believe that a child needs a change in his/her instructional program, the teacher will consult with the principal and additional school personnel who have worked with the child. The parents/guardians of pupils being considered will be informed of the impending program changes and/or possible retention. The final decision relative to program changes and/or possible retention is the responsibility of the building principal.

Principles

1. It is important to challenge all students to pursue a high level of performance;
2. In evaluating student achievement, each teacher shall make use of all available information, including results of teacher-made tests and other measures of skill and content mastery, writing assignments, and teacher observation of student performance;

3. For students with disabilities, attainment of the promotion benchmarks is determined after consideration of the goals, accommodations, and impact of the disability;
4. For students with a primary language other than English (ESL), attainment of the promotion benchmarks is determined after consideration of the goals and accommodations for language acquisition as defined by the ESL placement;
