

Bright Futures Frederick/Winchester is excited to announce the continuation of the summer food pack program. The purpose of this program is to help families that have students who attend Winchester and Frederick County Public Schools that experience food insecurity over the summer. Distribution of the summer food packs will be one time per month for a total of three months per location (June/ July/ August).

The summer food pack program will include a family-sized food pack, activities for your school-age child(ren), and a resource fair. **This program is unique in that we will bring food, activities, and a resource fair to a variety of locations throughout Winchester and Frederick County.**

Please choose the location that is most convenient for you.
