Instructions for Co-enrolling in Canvas as an Observer

Prior to Enrolling: Have your student generate a student pairing code from their own account in Canvas. This is done by clicking on the student's profile picture and selecting the "Settings" option.

## When you have a code, you are ready to begin.

Step One:
Navigate to <u>WPS Canvas Login</u>. You will see the screen on the right.

Step Two: Click on "Parent of a Canvas User? Click Here For an Account" link in the upper right-hand corner.

Step Three:
Complete the Registration Form and click the blue "Start Participating" button. Enter the student pairing code your student generated earlier in the field highlighted by the red box.

Step Four: Get Started! You will be taken to your Canvas account dashboard. You can now log in at any time by navigating to the URL in Step One. We recommend you bookmark it for easy reference!
