

School Profile 2023-2024

COVID-19 UPDATE

2020 - 2021 - Students had a choice between 100% distance learning and a hybrid model where students attended school in person two days a week and participated in a combination of synchronous and asynchronous learning the other three days. Students who chose 100% distance learning did not have access to many of our Career/Technical Education (CTE) courses. We saw an increase in students utilizing our online learning programs, Edgenuity and Virtual Virginia.

Fall 2021 - All students were in person, 5-days a week on a modified block schedule with A & B days; classes are year-long.
